THREE MEN KILLED ON CENTRAL RAILROAD

Special Train Thrown From the Track Near Marshalville.

WRECKERS ARE RESPONSIBLE

Engine Was Thrown From the Track With Great Violence, and the Three Men on It Were Killed—Investigation of Wreck Follows.

Macon, Ga., July 18.—Foul play is believed by officials of the Central of Georgia railroad to have been responsible for the wreck of a freight train of that road near Marshallville, Ga., at 4:30 o'clock Monday afternoon, in which three men lost their lives.

The dead are:

Charles Greene, of Macon, Ga., engineer.

Sam Nedd, of Powersville, Ga., negro fireman.

Jim Redding, of Macon, Ga., negro brakeman.

At the time the wreck occurred there were only two cars attached to the engine, which was moving at a rapid rate. It was suddenly derailed and thrown with great violence to the side of the track. The three men were killed.

Details from the scene of the wreck were meager, owing to wire trouble, but officials of the road here state that it is thought the derailment of the engine was caused by foul play. They give no reasons for this belief, saying they cannot discuss the matter at present.

Superintendent H. D. Pollard, of the southwestern division of the road, in which territory the wreck occurred, has gone to the scene to investigate. The wrecked train was a special peach train.

Policeman Wounded; Boy Killed.

Denver, July 18.—Special Police Henry A. Barr was shot and fatally injured early Tuesday in West Denver by an unknown young man. Barr was following two men on bicycles who were acting suspiciously. Suddenly one of them opened fire on Barr and after several shots had been exchanged, the officer dropped to the ground with a bullet through his body. A short time later, while working to apprehend the man who shot Barr, Policeman Patrick Kennedy shot and killed Frank Moody, a 14-year-old runaway boy who was sleeping in an outhouse behind a saloon in the neighborhood where Barr was shot.

Warned of Bogus Check Worker.

New York, July 18.—Chicago department stores and business houses throughout the west were notified to be on the lookout for a clever bogus check worker whose identity is unknown. The warning came from the American Bankers' association. His method of procedure is to present checks of from $20 to $30 in the office of the store, saying he has not sufficient money to pay for his purchases. The swindler gets his checks at various banks where he manages to secure blocks or ordinary counter checks.

Men Battle for Revolver.

New York, July 18.—Fighting desperately for possession of a big revolver, two powerful men battled in a small room in the Tallahassee, West Forty-eighth street, Monday night. Tables were overturned, pictures torn from the walls and furniture broken in the struggle which lasted until members of the club could batter down the door and part the men. Michael A. Burnes, of this city, a former captain in the fire department, and his brother-in-law, Edward Peck, of Denver, Colo., were the combatants.

Ministry of Justice Ordered.

Teheran, Persia, July 18.—An imperial order for the formation of a new ministry of justice, with full details for its organization was gazetted on Tuesday. It is hoped that this will satisfy the malcontents. The troops have been withdrawn, the shops opened and the priests have left the Great Mosque and [illegible] to a point 6 miles east of the

CHILD LABOR BILL PASSED.

There Were Only Two Votes Cast Against the Measure.

Atlanta, July 18.—The Bell child labor bill was passed by the house of representatives Monday just after the adjournment of the morning session by a vote of 126 to 2, Harris of Clay, and Rainey of Schley, casting the two negative votes.

The bill was passed without material amendment, such amendment as it received being recommended by its author. It will be transmitted to the senate, and is assured of passage there, inasmuch as it is identical in its terms with a bill introduced in that body last week as the joint act of 23 senators.

On motion of Mr. Felder, of Bibb, a distinguished visitor from the state of New York, William Travers Jerome, was escorted to the speaker's stand, where he made a short speech characteristic of the celebrated district attorney of New York city.

A complimentary resolution by Mr. Perry, of Hall, was introduced expressing it as the sense of the Georgia legislature that the names of Jerome, of New York, and Folk, of Missouri, should stand at the head of the great reform ticket of the country, and this was adopted by a rising vote.

Immediately after the vote on the child labor bill the house adjourned until 3 o'clock in the afternoon.

The house reconvened at 3 o'clock in the afternoon with good attendance.

The house adopted a resolution which was introduced by Mr. Davis, of Burke, that the speaker appoint a committee of three from the corporations committee from the senate to examine into and report upon the condition of the treasury department and comptroller general's department. The speaker appointed Messrs. Hardman, of Jackson, Matthews of Houston and Perry, of Hall.

A bill by Mr. Parker, of Appling, to amend section 396 of the code so that persons using obscene, vulgar or profane language in the presence of females shall be punished as for a misdemeanor, no justification to be allowed for provocation not given by the female in whose presence such language is used, was read the third time and passed.

TROUBLE ON WATER FRONT.

And Two Savannah Companies Were Under Arms.

Savannah, Ga., July 18.—Orders were issued to two companies of the Savannah Volunteer Guards Monday afternoon to assemble for duty on Hutchinson's island, where threatened labor troubles seemed to render the need of troops possible.

Later developments were such as not to make it necessary that the troops proceed to the island, and the companies were dismissed, save for a guard that was maintained through the night at the arsenal, with instructions to hurriedly summon the remaining members should need for them arise. The police were actively on guard throughout the day, and patrol of the water front of the island terminals was maintained.

Republican Platform Adopted.

Concord, N. H., July 18.—A platform adopted by the Lincoln Republican club at a meeting here was accepted by Winston Churchill, who has been mentioned as a candidate for governor of New Hampshire. The platform sets forth the desire of the club for the enactment of laws prohibiting the giving of free railroad transportation, passes, mileage books or other special contracts to delegates, government officials or any other persons not properly entitled thereto, a corrupt practice act which shall prohibit political contributions by corporations, campaign receipts and distributions publicity.

Cruiser Milwaukee Trial Trip.

San Francisco, July 18.—The cruiser Milwaukee, just completed at the Union Iron Works, was given her first spin on the bay Monday in preparation for her builders' trial. She will leave here July 21 for the Santa Barbara channel, where she will be put through her paces in earnest. Although not driven at full speed, the Milwaukee satisfied her builders that when the navy department makes its official test, the cruiser will come up to all requirements.

HARROWING STORY OF WHOLESALE POISONING

Milk Poisons 21 Persons Near Thomasville.

AUTHORITIES WILL INVESTIGATE

All Members of Futch Household, including Neighbors, Pastor and Physician, Who Was Called in Attendance of Sick, Poisoned in Same Way.

Thomasville, Ga., July 18.—A story of wholesale poisoning has been reported to the officers of Thomasville from the home of Mrs. Alice Futch, 4 miles below Thomasville. Twenty-one people were made violently ill last Friday from eating biscuits that were evidently made up with poisoned milk.

Suspicion so far rests on no one, but it is believed that some one on the place intended to murder some, if not all, the members of the Futch family.

Among the victims who were made very sick were Dr. A. H. Taylor, a member of the state board of health, and one of the most prominent physicians in this section, and Rev. T. A. White, a Baptist preacher, of Thomasville, who is favorably known all over the southern part of the state.

Suspicion that some one was trying to poison the family were aroused about a month ago. One morning the breakfast coffee was made from water taken from the house bucket that sat on the shelf on the back porch, the coffee was so bitter that no one could drink it. Another bucket of water was brought and this also was too bitter to use. Fearing something was wrong, the coffee was made from water taken from another vessel.

Last Thursday a week ago, the family had fried chicken for breakfast. It was not all consumed and what was left was put up in the safe. The family, consisting of Mrs. Futch and her two sons, John and Allen, went off to spend the day. On their return that afternoon John ate some of the chicken and he became very ill. Later his mother and brother also partook of some of the chicken and they, too, were made sick in the same way.

John Futch, fearing that some one was trying to kill them, they skimmed the flour from the top of the barrel in the pantry and put it in a bucket on the shelf. Last Wednesday his mother was taken sick after eating a biscuit and some watermelon. She did not get better and Dr. Taylor was summoned to attend her. He went down there in his buggy, but her case was so serious that he felt he should see her the next day.

In the meantime Rev. Mr. White, pastor of the church to which the Futch family belonged, stopped in to see them, and was invited to spend the night. He did so, and was at dinner the next day. Dr. Taylor was also present at dinner. The cook, not knowing about the removal of the flour, took that which had been placed in the bucket and used it. She mixed it with milk taken from the dairy. The two Futch boys and Mr. White were taken sick soon after dinner and Dr. Taylor was taken ill on his way back to Thomasville in his buggy. The cook and three of her children were also made ill.

Four negroes on the place, who ate some clabber that came out of the dairy, were taken sick in the same way, and so were four other hands who ate some biscuits made up for dinner.

A brood of young turkeys were fed on meal mixed up with clabber and the mother and all the young ones died in a little while.

Mrs. J. C. Thomas, of Metcalf, took dinner with the family and was affected in the same way. That afternoon Mrs. Alice Kern, a neighbor, and her two children visited the family. The children wanted something to eat and were given a biscuit from those left from dinner. They became ill, but up to this time it was not thought that the dinner biscuits caused it.

Monday night Miss Odessa and Miss Myrtle Keys, two of the young ladies in the neighborhood, came [illegible]

house and being hungry went to the safe and got some biscuits, and it was not long before they were all affected just as all the others had been.

Some of the biscuits have been forwarded to Dr. Harris, of Atlanta, secretary of the state board of health, to be examined. As soon as his report is received the officers will have something definite upon which to work.

CAPTAIN WAS BOUND OVER.

Salvation Army Officer Was Charged With Stealing Money from Man.

Atlanta, July 18.—In Justice Landrum's court Monday Captain John Christensen, of the Salvation Army, was bound over to the superior court on the charge of larceny from Oliver Hilton, who accused the officer of stealing two 10-dollar bills from him.

Saturday night the accuser in the case went to the Salvation army hotel and asked for a berth for the night. According to statements made in court by the witnesses for the defense, Hilton was intoxicated and raised a disturbance, fighting the Salvation Army captain. Hilton claims he was relieved of the bills while scrapping.

The Salvation Army is far from satisfied with the handling of the Christenson case. In the first place, the officer who bears a good reputation in Atlanta, was arrested on the word of a stranger, taken to the police station in the patrol wagon, and locked up all night, as the bail demanded, $100, could not be secured so late at night.

Members of the Army are of the opinion that the police department could have handled the case in some better way.

THAW'S COUNSEL RE ENGAGED.

Mrs Thaw Insists that They Remain in the Case.

New York, July 18.—Following the announcement that despite her son's objections, Mrs. William Thaw would insist that the firm of Black, Olcott, Gruber and Bonynge continue as counsel for Harry K. Thaw, in connection with the killing of Stanford White, Mrs. Thaw said:

"I have asked Mr. Delafield to see Judge Olcott and insist that they remain in the case and continue to have active charge of the plans for the defense of my son. The conference, which we had arranged with Judge Olcott and Mr. Delafield, was postponed until later, when it will be held at Mr. Delafield's office."

It was said by a person close to Mr. Olcott that no objection would be made by that firm, so long as Black, Olcott, Gruber and Bonynge were recognized as senior counsel.

Dropped Dead in Sister's Arms.

Meridian, Miss., July 18.—Bud Smith a mechanic dropped dead as he entered the home of his sister, Daisy Edwards, in the western portion of the city. He was caught in the worst of the heavy wind and rain storm and is believed to have been frightened for the safety of his relatives. After reaching home and finding his relatives unharmed, and the storm over, Smith clutched at his throat and fell dead in his sister's arms. The shock of relief was too great for his weakened condition.

Dry Dock Dewey Anchored.

Washington, July 18.—The floating dry dock Dewey, which went half around the world on its voyage to the Philippines is now anchored off Rivera point, Olongopo naval station. At this place there is 65 feet of water, so that all vessels, which may be sent into dock may reach it in perfect safety. The Dewey will be anchored with four huge mushroom anchors at each end, and as the time rises only about one foot at Olongopo there is little danger of the huge structure being carried from its position.

Favor New Treaties.

New York, July 18.—The following cable dispatch was received in this city Monday from Bogota, Colombia: "Colombia national commercial congress assembled in Bogota, representing all parts of the republic, has unanimously adopted resolutions endorsing favorably the negotiations begun by President Reyes and Minister Barrett for new treaties between the United States and Panama. This action is most important, assuring the support of the [illegible]

HARGIS ACQUITTED OF MARCUM MURDER

Jury Was Out for Only Twenty Two Minutes.

CASE DESPERATELY FOUGHT

Verdict of Not Guilty Is Culmination of Long and Bitter Fight to Convict Hargis and Callahan of One of Kentucky's Darkest Crimes.

Beattyville, Ky., July 18.—The jury in the Hargis-Callahan trial returned a verdict of not guilty after being out twenty-two minutes. The case was one of the most desperately fought battles in a Kentucky court for years. The men were charged with the murder of J. B. Marcum.

The verdict of not guilty in the Marcum trial is the culmination of a long and bitter fight in courts in an attempt to convict James Hargis and Ed Callahan as chief conspirators in one of the darkest crimes in Kentucky's history.

James B. Marcum was a mountain Republican lawyer of excellent standing. He was engaged three years ago as an attorney in the contest against Hargis and Callahan respectively Democratic county judge and sheriff-elect, to oust them from their offices on an allegation of corrupt election. Much bitterness was aroused and frequent open ruptures occurred.

In May, 1904, Marcum was shot to death from behind in the Jackson court house. Curtis Jett and Tom White were convicted and given life terms for the murder. It was charged that they were the tools of Callahan, Hargis and others. Jett, after his conviction, confessed that he shot Marcum and that his act was inspired by Callahan and Hargis. On the witness stand, however, he repudiated the confession and said he alone was responsible. The acquittal followed largely on this repudiation.

A jury of Clark county citizens returned a verdict for $8,000 damages a year ago against Hargis, on the allegation that he had caused Marcum to be killed. The suit was filed by Mrs. Marcum. Jett and White are yet to be tried for killing James Cockrill under similar circumstances.

Shortage in Bartlett's Accounts.

Washington, July 18—It was stated at the treasury department Tuesday that an investigation recently concluede of the accounts of the late Major George A. Bartlett, disbursing officer of the treasury department, shows a shortage approximating shows a shortage approximating $33,000. About $14,000 of this amount, however, is said to have been innocently paid out on fraudulent vouchers presented by James W. Boyd, a clerk in the marine hospital service, who in September last was arrested and is now in jail pending his trial for misappropriating government funds.

Charged with Assault.

Athens, Ga., July 18.—Two negroes are in jail in this city on the charge of attempted assault on persons of their own color. John Robertson is charged with that offensee by Hattie Banks, a young negro woman. Mose Ford, another young negro, is in jail on a similar charge, the victim in his case being a 9-year-old negro child. Both defendants enter pleas of not guilty and will fight the cases. The cases were called before Mayor Dorsey Monday but were continued in order to give the attorneys for the defendants time to prepare their cases.

Eugene Hester Convicted.

Montgomery, Ala., July 18.—Eugene Hester, charged with robbing his cash car while a postal clerk on the Atlantic Coast Line, was convicted on Monday. He reported that a robber entered his car and, after overcoming him, stole the registered packages. He was shot in the hand and he claimed the robber did it. His story was not believed. The theory was that he shot himself. This was the idea taken by the jury. The penalty is [illegible] years in the penitentiary.

OLD WAR CANNON TO BE MOVED HERE

Relic of Sea Horse Key Will be Brought to Gainesville.

WAS A COAST DEFENSE

Rev. S. B. Rogers Has Been in Correspondence With the War Department With Result That Old Relic Will be Installed at the University.

Editor Sun: The public will remember that some months ago there occurred an article in your paper with reference to the removal of the Confederate cannon, now on Sea Horse Island at Cedar Key, to Gainesville. I took this matter up as proposed through Hon. Frank Clark, our esteemed representative in Congress. Our efforts have been rewarded with the following letter to Hon. Frank Clark:

"Hon. Frank Clark, M. C., House of Representatives:

"Sir—In reply to your letter of the 4th inst., you are informed that this department has no authority to wave claims to, or dispose of abandoned property, except as provided in Section 3755 R. S.

"No objection, however, will be offered to the removal of the abandoned cannon referred to in your letter from Sea Horse Island to Gainesville, Fla., to be preserved as a relic and held subject to the demand of this department.

"Respectfully,

"L. M. Slecler,

"Secretary Treasury."

Thus it will be seen that Gainesville has permission to remove the cannon to the University grounds as a relic of a lost, yet sacred, cause. So soon as I am recuperated and returned to the city, I shall at once take steps to bring the sacred old guard of our port and people to the University City. In this I feel that I shall have the hearty co-operation of every patriotic citizen.

S. B. Rogers.

Trenton is Building.

W. W. Colson has returned from Trenton, where he has been for the past two or three days arranging for the construction of a brick building, to contain three stores 25x60 feet dimension each. The building will be the property of Perry M. Colson, and will be known as the Colson block.

Mr. Colson states that Trenton is on the verge of a genuine boom. Several houses are now going up, and others are contemplating building. Within the next few months six or eight new business houses and residences will have been completed.

The Atlantic Coast Line railroad, which is building an extension into LaFayette county from Newberry, expects to inaugurate a regular schedule about August 1, which will give the people of Trenton and vicinity a convenient railroad service.

Editor Setzer Married.

The information conveyed through The Savannah News of the marriage of C. P. Setzer and Miss Ida L. Windham, which occurred in Savannah Monday afternoon, the 16th inst., was received here with a great deal of interest by friends of Mr. Setzer, who was formerly publisher and editor of The High Springs Hornet, and who enjoyed the distinction of being the most original writer in Florida. Editor Setzer in his profession was a "bird," and every issue of his paper was eagerly scanned by those who were accustomed to look for good and original things. Mr. and Mrs. Setzer will make their home in Quitman, a progressive little city of South Georgia.

The Breakers at Seabreeze.

Special attention is called to the advertisement in this issue of the ever popular "Breakers" at Seabreeze on the Atlantic.

Under the management of Mr. Bert J. Holt, this house during the present season has established a high standard for excellence and is deservedly popular. The table is excellent in the plenty of sea food and splendid service.

Everything is managed in high-class style, notwithstanding the fact that a very reasonable schedule of rates is offered.

Write Mr. Holt at Seabreeze for further particulars.

FAIRFIELD PICNIC.

Will be Given by the Maccabees on July 25—Everyone Invited.

A big picnic will be given by the Maccabees of Fairfield near the Methodist church on July 25. Everybody is cordially invited to come, bring their baskets and have a nice time. Plenty of refreshments will be served on the grounds, and the people of Fairfield would like to ask Mr. J. B. Cutler of Gainesville to run an excursion over the Gainesville and Gulf Railroad for the purpose of the picnic.

A Remarkable Discoveny.

New York, July 11, 1906—An eminent food specialist recently made the remarkable discovery that all the ingredients entering into the composition of ice cream could be reduced to powder form, kept indefinitely, and when ice cream was wanted it could be quickly made by adding a small quanity of the powder to a quart of milk and freezing, without heating or cooking, thus doing away with all labor in making ice cream; and the proportions of each ingredient being absolutely correct, the ice cream made from the powder would always be the same high quality, absolutely pure and free from disease germs or danger of ptomaine poisoning. No eggs, sugar, flavoring or anything except milk is required to make the finest ice cream from the powder. After having been carefully analyzed by the Pure Food Commissioners, it has been placed on the market under the name of Jell-O Ice Cream Powder. Scientists pronounce it the greatest step forward in pure food production in recent years.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

AT WORTHINGTON SPRINGS.

This Resort Continues Its Popularity. New Buildings Going Up.

Worthington Springs, July 18—The long continued rainy season seems to be about ended. The river here is falling rapidly.

Mrs. James G. Moffett, who is spending the summer at Hotel Worthington, visited her husband in Jacksonville this week for a few days.

Judge J. T. Welborn and wife of Sanford, Fla., are registered at Hotel Worthington for a month to enjoy the benefit of the sulphur spring.

J. A. Alexander has returned to his home in Fernando, after spending a week at the Springs.

Mrs. A. Hercules of St. Petersburg arrived at Hotel Worthington yesterday and engaged rooms for the remainder of the season.

W. A. Wescott, a prominent employe of the A. C. L. of Jacksonville, visited his mother here Saturday and Sunday.

John Bunyan Lucy of Jacksonville paid his wife a visit Saturday. She is spending a while at the Springs.

Mrs. Marcus Endel and Marcus Endel, Jr., have returned to their home in Jacksonville, greatly benefited from a week's stay at Worthington Springs.

I. F. Lamb made a business trip to Newberry Saturday, returning Tuesday.

Hon. Mike Weber Wells is sojourning in Jacksonville, accompanied by Chas. Easton of Lake City.

E. Hausman, representing the Brunswick Balke Collender Co., installed two new pool tables for Wells & Lamb at Worthington Springs a few days ago.

The store buildings of Wells & Lamb and Dr. Tomlinson are nearing completion.

Miss Mabel Lamb of Worthington Springs is visiting Miss Mary Baird of Gainesville this week.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

International Exposition Planned.

New York, July 18.—The Herald's Berlin correspondent cables as follows: "It am informed on the highest authority that the government has decided to invite various nations to participate in a great international exposition to be held here in 1912. It is proposed that the exposition shall surpass all the world's fair, not excepting the marvelous expositions for which Paris is famous, or the great American fairs.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c

Secures Writ of Prohibition.

New York, July 18.—John D. Gleason, one of Thaw's counsel, appeared before Justice Blanchard in part two of the supreme court Tuesday and secured a writ of prohibition, restraining the district attorney and the grand jury from taking any evidence in the case of the killing of Standford White. The writ is temporary.

Twenty-Year Battle.

"I was a loser in a twenty-year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide by curing both, till not a trace remains," writes A. M. Bruce of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25c at all druggists.

Sore Lungs

We want everybody who has a hard cold in the chest to use Ayer's Cherry Pectoral. S.S.S. FOR THE BLOOD

The purifying action and curative properties of this great remedy have made "S. S. S. For The Blood" a household saying, and thousands who are today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood medicine. S. S. S. is made entirely from roots, herbs and barks which possess not only cleansing and healing ingredients but building-up and strengthening properties to keep the blood in perfect order. No one can be well when the blood is impure; they lack the energy and strength that is natural with health, the complexion becomes pale and sallow, the vitality is weakened and they suffer from a general broken down condition. When the waste or refuse matter, which nature intends shall be thrown off, is left in the system because of a sluggish, torpid condition of the expelling members, it is absorbed into the blood, making this vital stream weak, sour and acrid and its condition is manifested by boils, pimples, rashes, blotches and other eruptions of the skin. S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character, makes the blood fresh and strong and gives energy to the entire body. When the blood has been cleansed by S. S. S. all skin diseases and eruptions pass away and the smooth, clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders, and for their cure nothing equals S. S. S. It does not injuriously affect the most delicate parts of the body and can be taken with perfect safety by old or young. Book on the blood and any medical advice desired without charge.

HONOR TO COLONEL WEBSTER

Presented With Handsome Medal For Fifteen-Year Service.

Col. I. E. Webster, Second Regiment, retired, has received from the office of Adjutant-General Foster as a recognition of his service to the National Guard a handsome medal, which is given in exchange for his fifteen-year service with the troops.

Col. Webster has really been connected with the Florida State Troops since 1882, when he joined the old Gainesville Guards as a private, being afterwards promoted, and finally coming in line of promotion as Colonel of the Second Regiment, which he resigned for business reasons. He is one of the best known and most competent officials in the State, and is highly regarded by the military throughout Florida.

IS EXTENDING SERVICE.

The Electric Light Company Will Have Lights in North Gainesville.

In response to the demand for an extended service, the Gainesville Gas and Electric Light Company have decided to extend their wires to North Gainesville, with the result that poles are now being placed, and the lights will be installed in the various homes which desire them in the next few days.

Manager Doig of the electric light company is always ready and willing to accommodate those who are disposed to patronize him. The service has been good, and is being extended every day. The good people of North Gainesville will appreciate the advantage to be afforded by electric lights, which they have never enjoyed before.

Has Been in Trance.

It will be remembered that on Tuesday, the 10th inst., The Sun contained a joke on a certain young man in this city who had loaned a friend a five-dollar bill "until he could see his uncle," and that the joke was on the young man aforesaid, because the supposed "uncle" did not exist, having been dead several years. The young man thinks now that the joke is on the other side, since his friend, the recipient, must have been in a trance. He must have seen his uncle, as the five has been returned, and everybody is happy—especially the young man who loaned the five.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. FISHING PARTY RETURNS.

Had a Big Time on Gulf Coast. Many Startling Stories.

The fishing "bee," composed of Edward O'Neill, B F Miller, Chas. Pinkoson and Fred Hampton, have returned from a cruise on the Gulf Coast, where they have been for the past ten days, going as far south as Clearwater.

The Sun representative called upon two of the party, both of whom admitted that there were some good stories, but inasmuch as Mr. O'Neill had been elected the "chief prevaricator" of the party, with full power to interview the newspapers, they refused to give out anything for publication, but admitted that there was something of unusual interest to say.

Mr. O'Neill proceeded to Jacksonville on the same train, and will be absent until this afternoon. He may have something to say upon his return, if he is willing to stand the "consequences."

NOTED CHRISTIAN ENDEAVOR

Mr. Van Syckle Will Talk to People of North Gainesville Tonight.

Mr. Van Syckle, a prominent member of the Christian Endeavor Society, who makes his home at Winter Haven, has arrived in the city. He is a very earnest and persistent worker, and makes talks wherever he goes. He has consented to speak at North Gainesville tonight, and will no doubt be greeted by a fine house, as a great many Endeavorers are residing in North Gainesville and vicinity. The public is cordially invited to this meeting.

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean, and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths, and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up-to-date livery.

Bus will meet all trains.

In addition to The Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

The North Carolina federal office-holders have cooked a program of nigger and Taffy for 1908.

Trust products are costly to the citizens and cheap to the foreigners. Why not revise the tariff that protects the trusts and even things up?

Trust magnate Schwab has just lost so much money gambling at Monte Carlo that he will have to reconsider his determination to run for Senator in Nevada.

The President has given Senator Beveridge the credit for the meat inspection bill, but Congressman Wadsworth and the packers knocked down the persimmons.

Senator Elkins says that Americans do not know how to distribute wealth, but after the campaign is over in West Virginia this fall he will discover he has done his share of distribution.

Remembering the Mrs. Morris incident at the White House those ladies who speak above a whisper are giving the postoffice at Washington City a wide berth. Barnes has been installed as postmaster.

The idea of federal regulation of business has been advanced farther than ever before; but the people have gained nothing, while the State governments have lost immensely. The Republic of Roosevelt is an empire very different from the Union, and the States are degenerating into mere provinces.

The Republican theory that the higher the taxes the more prosperity, proves that President Roosevelt is a thorough-going Republican, for he heartily endorses the spending mania and extravagance of his party. For instance, how readily he gave way to the Wadsworth-Cannon plan of making the people pay for the meat inspection, instead of the packers being made to pay. Can you remember any recommendation of Mr. Roosevelt for economy in expenditures.

REVILING THE DEMOCRATS.

Mr. Taft is disputing with Mr Roosevelt the championship of the noble profession of diplomacy—hiding the truth. In his speech to the negroes and Federal office-holders of North Carolina he declared that while the Democratic leaders have been for years declaring against corporations, "they have instituted no legislative steps in all this time to restrain the abuses." Taft knew this to be utterly false. He knew, for instance, that the Tillman-Gillespie resolution under which the Standard Oil and the railroads are now being investigated was of Democratic origin. He knew that the Tillman bill to prohibit corporations from contributing to party corruption funds—a bill which passed the Senate, but was opposed by Root, Roosevelt and Taft, so that it failed in the House—was of Democratic origin. He knew that the Democrats in Congress have introduced numberless measures designed to curb the trusts by abolishing the tariff duties on trust-made goods. He knew that nearly every Democratic State has established a railroad commission to prevent extortions and discriminations by the railroad companies. In fine, Taft knew that he was evading the truth and gloried in what he was doing. Let him read what Roosevelt has written about liars, and he will probably think less of himself, unless Roosevelt has told him not to believe such things.

COERCING PEOPLE OF ARIZONA

The defeat of President Roosevelt's scheme by the Democrats to force Arizona into partnership with New Mexico appears to have enraged him against the people of that Territory. He threatens them that "if they let this chance go by they will have to wait many years before the chance again offers itself, and even then it probably will be only on the present terms—that is on the condition of being joined with New Mexico." Arizona is Democaratic, New Mexico is Republican, and the great majority of the voters are Mexicans, and the Roosevelt scheme is to force the two Territories together and make a Republican State. This plan is very obnoxious to the people of Arizona, who are largely Americans and prefer to remain as a Territory than to be ruled by the Mexicans. Thanks to the Democratic amendment to the enabling act the people of Arizona have the right to vote, for or against, the joint Statehood plan. The federal office-holders are already engaged in an active campaign to induce the voters to accept Statehood with New Mexico. They should be attending to their official business.

BRIGADIER GENERALS IDLE.

Our top-heavy army is again to be reorganized to give employment to the large number of brigadier-generals who have nothing to do. Seven posts are to be established at once and two more, if the funds hold out, and in each of these is to be concentrated enough troops to form a brigade with a general in command. This will necessitate the dismantlement of most of the smaller forts with accommodations for one regiment or less. This is the Roosevelt-Taft plan and the appropriations made by Congress of $800,000 for army posts and $5,000,000 for barracks and quarters and $12,000,000 for transportation of troops are to be manipulated to carry out the scheme. It might be cheaper and better to retire a few brigadier-generals, or for Congress to reduce their number, but such retrenchment could not be expected from a Republican administration.

The beef trust and the railroads are pointing with pride to the record of Congress, and the President agrees with them, so everyone should be satisfied.

Take Hall's Family Pills for constipation.

Why did the Republican Congress defeat the Tillman bill which provided for exposing and punishing contributions by corporations to party campaign funds? Well, let us see. If the Sugar Trust should produce its sweet donation, or the Steel Trust some of its tariff plunder, or the Coal Trust, through Baer or some other God-entrusted coal baron, should "come down with the dust," it might be awkward to publish such things to the vulgar world, or to punish such "benefactors," of the g. o. p. As Pharaoh said about the Hebrews, so the Republican party said about the trusts: "Let us deal wisely with them."

Secretary Wilson has started on a tour of the packing houses at Chicago, Kansas City and elsewhere. He will have to look out, or he may be lost in the "Jungle" that he now knows exists in those cities, but never suspected until some one published the fact. The Secretary of Agriculture never looks for trouble until he is forced to. He would not believe any of the scandals that existed in his department until some one else exposed them. It's a good thing his duty does not call him to New York, or the "green goods men" would be quite likely to gobble him.

The accommodations of the United States Supreme Court are the poorest in the country. If Congress will not provide better quarters the court might very properly ask Mr. Cassatt for a decent room in his magnificent new union station at Washington, which is being built mostly at public expense.

Misery comes to the masses mainly from two phases of inequality—inequality in property and inequality in political rights. Both kinds of inequality are growing with tremendous rapidity under the Republican regime. Equality is the basis of every just government, and Democracy stands for equality.

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The Board of County Commissioners of St. Lucie county has fixed the county tax rate at $15\frac{1}{4}$ mills.

At Florala Sunday morning about 2 o'clock Dave Richardson, a turpentine negro, stabbed and instantly killed Fannie Williams, a negress, at the McKinnon House.

Up to July 7 Tampa had manufactured and shipped this year 132,685,000 cigars, an increase of 25,520,000 over that same period last year. In its peculiar line Tampa is one of the great manufacturing cities of the world.

Lavada Fair, a negro woman of Pensacola, was arrested for cruelty to her children and was given thirty days in jail. A fine would not be placed. This is a precedent which will be followed in all proven cases of cruelty to children in Pensacola.

Col. T. J. L. Brown, after a tour of inspection in the interest of the coming State Fair, is greatly encouraged at the outlook. He is of the opinion that a much larger number of counties will be represented at the Fair this season than last year, when the display was magnificent.

Thos. Creemis of Aycock, aged 12 years, was accidently shot and killed Wednesday morning by James Kent, 17 years of age. The charge from a 12 gauge shotgun penetrated the face and neck of the boy, bringing almost instant death. A coroner's jury brought in a verdict of accidental death.

Loaded with a sense of her own importance and a great deal of contempt for "Jim Crow" laws of every imaginable kind, and in all probability an overdose of booze, a big negress hopped upon a West Tampa streetcar Wednesday afternoon, landing on a front seat between two white men and emphatically announcing her intention of "staying 'har." "I'se jes' as good as enny white man livin'," was the burden of her lay, "an' I'se gwine stay right hyar." Unfortunately, there was no passenger on the car who felt called upon to send the female disciple of advancement to her proper place, and the men in charge of the car are said not to have seen fit to enforce the city law in this regard, nor the company's rules.

Agree Upon Armistice.

San Salvador, Monday, July 16.—(Delayed in transmission)—The belligerents have agreed upon an armistice. It is claimed that the Guatemalans during the recent fighting used explosive bullets, notwithstanding the fact that Guatemala signed the Geneva convention.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

Eminent Doctors Praise Its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Lepers Vote for President.

Washington, Jul 18.—Even leprosy cannot force Filipinos to abandon politics. The bureau of insular affairs has received reports of an election recently held on the island of Cilling by the leper colony for the selection of a president and "consejales," or councilmen. The lepers also took occasion at the time of this election to formulate resolutions thanking the Philippine government for the excellent quarters it has provided for them on the island, which is given over entirely to the unfortunates, and will eventually be made the home of all the 5,000 lepers in the archipelago. At present there are more than 600 of the unfortunates in the colony.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

Will Inspect Slaughter Houses.

Kansas City, ans., July 18.—A meat slaughter house near Wellington, inspected by order of the state authorities, has been found to be in such filthy condition that Dr. J. S. Crumbine, secretary of the board, has sent notices to the county commissioners of every county in the state directing them to examine the slaughter houses in their districts and if not found to be in a sanitary condition to allow five days for cleaning up as permitted by law.

Abraham Lincoln

Was a man who, against all odds, attained the highest honor a man could get in the United States. Ballard's Horehound Syrup has attained a place never equalled by any other like remedy. It is a sure cure for coughs, colds, bronchitis, influenza and all pulmonary diseases. Every mother should keep supplied with this wonderful cough medicine. Sold by W. M. Johnson.

235 Houses Are Burned.

Nezhni Novogord, July 18.—A fire which broke out here Sunday, for six hours before it was checked. When it was finally extinguished 235 houses were destroyed and more than 3,000 families had been rendered homeless. The loss is placed at $400,000.

All The World

Knows that Ballard's Snow Liniment has no superior for rheumatism, stiff joints, sore, sprains, lumbago and all pains. Buy it, try it and you will always use it. Anybody who has used Ballard's Snow Liniment is a living proof of what it does. All we ask of you is to get a trial bottle. Price 25c, 50c and $1.00. Sold by W. M. Johnson.

MAN JUMPS TO DEATH.

George Boathe While Suffering Leaps from Train.

Collins, Miss., July 18.—George Boathe was struck and fatally wounded Saturday by Willie Holland, near Kola, Miss.

It is alleged that Boathe had been guilty of making disrespectful remarks about Holland's wife, and that Holland called upon Boathe for an explanation of the talk. A quarrel ensued and Boathe was struck on the head with an ax. It is stated that the wound inflicted by Holland on Boathe's head was a fatal one. This, however, will have to be determined by expert testimony, as the immediate cause of death resulting from being crushed beneath a train. Realizing that his wound was severe, Boathe boarded a train and was trying to reach this city for the purpose of obtaining a surgeon. The wound was of such a nature that it affected his mind. He became mad and frantic, resisted the attempts of his friends to hold him on the car, rushed wildly out and leaped from the moving train. His body was thrown underneath the wheels and terribly mangled.

Holland has not yet been apprehended. Both parties were well known in the neighborhood in which they reside.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Denson Is Electrocuted.

Atlanta, July 18.—William J. Denson, 44 years old, a machinist employed by the Southern Spring Bed company, was shocked and instantly killed early Tuesday morning by a 16-power candlelight incandescent lamp in the factory's "spring room," at Bell street and the Georgia railroad.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

AMERICANS THROWN IN JAIL.

United States Residents on Island Excited Over Occurrence.

Havana, July 18.—American residents of the Isle of Pines are excited over the imprisonment in the common jail at Neuva Gerona of Miss Millie Brown, 19 years old; L. C. Giltner, postmaster of the town, and William Augustine, all Americans. The three, for their own instruction and amusement, had constructed a toy telegraph line 1,800 feet long, strung from Giltner's store to the residence of the other two. They were arrested without warning, charged with the violation of an old military order prohibiting other than government telegraph lines, tried by a newly appointed judge and sentenced jointly to pay a $500 fine or to a joint term of imprisonment of 100 days.

All refused to submit to the payment of the fine,, and were taken to jail to serve 33 days each. The jail has no accommodation for female prisoners.

The Cuban government has no report of the incident, which is reported by Americans who have arrived here from the isle of Pines.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E Houghland of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the South and West. I always carry this remedy and have used it successfully on many occasions." Sold by all druggists.

One Dead; One Fatally Injured.

Pittsburg, July 18.—In a fire at the Hotel Park early Tuesday morning one was burned to death, and another was fatally injured and seven were overcome with smoke and were rescued from asphyxiation. The flame was caused bya burning gas jet and was discovered by a policeman who tried to send in an alarm from several boxes before the fire department responded.

Are Charged with Murder.

Athens, Ga., July 18.—Henry Wood and Pattie Watkins, negroes, have been arrested on thecharge of having murdered Linton Williams, a young white farmer, on his plantation near Hull, Ga., on the night of February 9, 1905. Their arrest is the culmination of almost eighteen months' work on the part of City Marshal Loyd E. Brooks, of this city. At the time the body of young Williams was found it was believed by many that it was a case of suicide, and yet no motive could be assigned for such a deed. The father of the young man always believed his son had been murdered and offered a reward of $250. To this sum the state added $200 for the first party convicted and $100 for each subsequent conviction. This brings the total to $550 if the two negroes are convicted.

Threw Brother into a Well.

LaGrange, Ga., July 18.—A case of youthful degeneracy among two little negroes came to light last week at the place of Martin Dye, near Glee, in this county. Joe Pollard, living on this place, had two little boys, aged 9 and 5 years. The elder boy stole a watermelon and to keep the younger from telling on him, threw him in a well, in which was very little water. After 12 hours the little negro was rescued. The father gave the older boy a severe whipping and left the house, whereupon the older boy got a razor and almost disemboweled his little brother. The little boy lingered on until Saturday night, when he succumbed to his wound.

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

Assailant of Mrs. Chapin.

Bartow, Ga, July 18.—A few days ago J E. Palmer, marshal of Bartow, arrested a negro here as a suspicious character, and from answers to questions and from a letter on his person, Mr. Palmer suspects that he was from Akin, S. C. Further probing brought a confession from the negro that his name was Ed Johnson, and that he assaulted Mrs. E. J. Chapin, in Aiken county. Mrs. Chapin offered a reward for the negro and the sheriff is now here to take him to South Carolina.

Bowel Complaint in Children.

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy, as it promptly controls any unnatural looseness of the bowels. For sale by all druggists.

$7,000,000 for Famine Relief.

St. Petersburg, July 18.—The emperor has approved the bill of the lower house of parliament, which was adopted by the upper house, appropriating $7,000,000 for famine relief, thus supporting the contention of both houses of parliament against his own ministers. This law is the first enactment of the Russian parliament and represents the net legal result of a session of over two months.

Two Negroes Hanged.

Natchez, Miss., July 18—Joe Anderson and Lee Fletcher, negroes, were legally executed at Fayette, Jefferson county, Tuesday morning at 11:40 a. m. They were indicted February 19, for the murder of Lamb Anderson over a game of craps. They escaped after the killing. Anderson was caught in New Orleans, and Fletcher in Franklin, La. The hanging was public, and was witnessed by a great crowd of negroes.

$18,000,000 Offered for Railroads.

Chicago, July 18—The Evening Journal declares that the Illinois Central road has made a bid of $18,000,000 for the two railroads owned by John R. Walsh, former president of the defunct Chicago National bank. The two roads owned by Mr. Walsh are the Southern Indiana and the Chicago Southern, both of them being located in the state of Indiana.

Robbed on a Trolley Car

New York, July 18.—While standing on the platform of a trolley car, William Breusted, of Waco, Tex., was robbed by pickpockets of a wallet containing $175 and a Waco draft on a bank in this city for $800. This is the second time Brausted has been robbed while visiting New York. On the other occasion he lost $400.

Marblehead at Acajutla.

Washington, July 18.—A cablegram received at the navy department on Tuesday from Commander Mulligan, of the Marblehead, announced the arrival of that ship at Acajutla, a port on the coast of Guatemala near the boundary between that country and Salvador, at LaLabertad, where she was Monday.

Platt Passes 73d Birthday.

New York, July 17.—Senator Platt passed a balmy 73d birthday at a hotel in Coney Island Sunday. It was on this spot that Mr. Platt in former years planned with his friends in the Republican party of the state most of his campaigns within the last decade. In response to letters sent out by Mr Platt, many of his old friends gathered about him on this occasion.

Old Chronic Sores.

As a dressing for old chronic sores there is nothing so good as Chamberlain's Salve. While it is advisable to heal old sores entirely, they should be kept in a good condition, for which this salve is especially valuable. For sale by all druggists.

Three Killed by Powder Explosion.

Ashland, Wis., July 17.—A powder mill of the Atlantic Dynamite company, several miles from this city blew up Monday, killing three men. Twenty others were injured. The dead are J. L. Pierce, of Wilmington, general superintendent of the powder mill; William Wallace, a laborer; and Geo Woodsill.

Where the Rub Comes.

"Well," said the good natured boarder, "there's one thing about our boarding house—you can eat all you like there."

"Of course; same as ours," replied the grouchy one. "You can eat all you like, but there's never anything you could possibly like." — Philadelphia Press.

THE MAGNETIC COMPASS.

First Used on European Vessels In the Twelfth Century.

Some Asian people, perhaps the Chinese, discovered many centuries ago that a kind of iron ore possessed a very peculiar quality. We call this ore magnetic ore, or, in more common language, lodestone, and it is very widely distributed, especially in the older crystalline rocks. It was found that if a bit of lodestone were placed in water upon a piece of cork or straw braid it would turn till the axis of the stone assumed a north and south position. A phenomenon of magnetism had been discovered by means of an ore that is peculiarly susceptible to magnetic influence.

It is an open question whether the Chinese utilized the directive power of the lodestone, but it is certain that the first rude compass was not used on European vessels before the twelfth century of our era. By that time the true magnetic compass had been evolved through the discovery that if an iron or steel needle were stroked on a lodestone it would receive the attractive and directive power of this ore. With this appliance placed at the service of navigation the vessels that had hugged the coasts soon dared to venture even out of sight of land. A new impetus was gradually given to cartography, for now the true directions of the coast lines might be charted with some approach to accuracy. It was the happy fortune of Italian sailors to make the surprisingly excellent surveys of the directions and lengths of the Black sea and Mediterranean coasts and along the Atlantic to British waters that have come down to us in the so called Portulan maps.—Cyrus C. Adams in Harper's.

Twins.

Talking to a physician about twins and commenting upon the marvelous likeness they sometimes bear to one another, he gave an interesting fact regarding them. "You can always distinguish one from the other," said he, "no matter how great the resemblance, for the elder invariably has the broader face. Notice twins hereafter, and you can say with certainty that the narrower faced one is the younger of the two. I have no authority for saying that fewer male than female twins are born, but I am of the opinion that the couple are more frequently girls or girl and boy than boys. Twin brothers are few and far between."

THREE MEN KILLED ON CENTRAL RAILROAD

Special Train Thrown From the Track Near Marshalville.

WRECKERS ARE RESPONSIBLE

Engine Was Thrown From the Track With Great Violence, and the Three Men on It Were Killed—Investigation of Wreck Follows.

Macon, Ga., July 18.—Foul play is believed by officials of the Central of Georgia railroad to have been responsible for the wreck of a freight train on that road near Marshallville, Ga., at 4:30 o'clock Monday afternoon, in which three men lost their lives.

The dead are:

Charles Greene, of Macon, Ga., engineer.

Sam Nedd, of Powersville, Ga., negro fireman.

Jim Redding, of Macon, Ga., negro flagman.

At the time the wreck occurred there were only two cars attached to the engine, which was moving at a good rate. It was suddenly derailed and thrown with great violence to the side of the track. The three men were killed.

Details from the scene of the wreck are meager, owing to wire trouble, but officials of the road here state that it is thought the derailment of the engine was caused by foul play. They have no reasons for this belief, saying they cannot discuss the matter at present.

Superintendent H. D. Pollard, of the Southwestern division of the road, in which territory the wreck occurred, has gone to the scene to investigate. The wrecked train was a special peach train.

Policeman Wounded; Boy Killed.

Denver, July 18.—Special Police Henry A. Barr was shot and fatally injured early Tuesday in West Denver by an unknown young man. Barr was following two men on bicycles who were acting suspiciously. Suddenly one of them opened fire on Barr and after several shots had been exchanged, the officer dropped to the ground with a bullet through his body. A short time later, while working to apprehend the man who shot Barr, Policeman Patrick Kennedy shot and killed Frank Moody, a 14-year-old runaway boy who was sleeping in an outhouse behind a saloon in the neighborhood where Barr was shot.

Warned of Bogus Check Worker.

New York, July 18.—Chicago department stores and business houses throughout the west were notified to be on the lookout for a clever bogus check worker whose identity is unknown. The warning came from the American Bankers' association. His method of procedure is to present checks of from $20 to $30 in the office of the store, saying he has not sufficient money to pay for his purchases. The swindler gets his checks at various banks where he manages to secure blocks or ordinary counter checks.

Men Battle for Revolver.

New York, July 18.—Fighting desperately for possession of a big revolver, two powerful men battled in a small room in the Tallahassee, West Forty-eighth street, Monday night. Tables were overturned, pictures torn from the walls and furniture broken in the struggle which lasted until members of the club could batter down the door and part the men. Michael A. Burnes, of this city, a former captain in the fire department, and his brother-in-law, Edward Peck, of Denver, Colo., were the combatants.

Ministry of Justice Ordered.

Teheren, Persia, July 18.—An imperial order for the formation of a new ministry of justice, with full details for its organization was gazetted on Tuesday. It is hoped that this will satisfy the malcontents. The troops have been withdrawn, the shops opened and the priests have left the Grand Mosque and gone to a point 6 miles [illegible]

AT WORTHINGTON SPRINGS.

This Resort Continues Its Popularity. New Buildings Going Up.

Worthington Springs, July 18.—The long continued rainy season seems to be about ended. The river here is falling rapidly.

Mrs. James G Moffett, who is spending the summer at Hotel Worthington, visited her husband in Jacksonville this week for a few days.

Judge J. T. Welborn and wife of Sanford, Fla., are registered at Hotel Worthington for a month to enjoy the benefit of the sulphur spring.

Mrs. A. Hercules of St. Petersburg arrived at Hotel Worthington yesterday and engaged rooms for the remainder of the season.

W. A. Wescott, a prominent employe of the A. C. L. of Jacksonville, visited his mother here Saturday and Sunday.

John Bunyan Lucy of Jacksonville paid his wife a visit Saturday. She is spending a while at the Springs.

Mrs. Marcus Endel and Marcus Endel, Jr., have returned to their home in Jacksonville, greatly benefited from a week's stay at Worthington Springs.

I. F. Lamb made a business trip to Newberry Saturday, returning Tuesday.

Hon. Mike Weber Wells is sojourning in Jacksonville, accompanied by Chas. Easton of Lake City.

E. Hausman, representing the Brunswick Balke Collender Co., installed two new pool tables for Wells & Lamb at Worthington Springs a few days ago.

The store buildings of Wells & Lamb and Dr. Tomlinson are nearing completion.

Miss Mabel Lamb of Worthington Springs is visiting Miss Mary Baird of Gainesville this week.

NORMAL TO BE CONTINUES.

Professors Lynch and Corr Have Consented to Continue the Term.

Owing to a pressing demand and the urgent request of a number of teachers who have been attending the State Normal, Professors Geo. M. Lynch and P. W. Corr, members of the faculty, have consented to continue the term for five weeks more. A petition was presented to the board of trustees of Gainesville sub-district, who have charge of the University High School, which immediately gave their unanimous consent for the use of the building.

This term will begin on Monday morning next, as the regular State term expires on Friday. The teachers are delighted with this arrangement, as it will afford them an excellent opportunity for extended knowledge in the various studies.

Professors Lynch and Corr, both enthusiastic educators, have not gone into this venture with a view to making any money, and consequently have placed the entrance fee at only five dollars for the term.

HONOR TO COLONEL WEBSTER

Presented With Handsome Medal For Fifteen-Year Service.

Col. I. E. Webster, Second Regiment, retired, has received from the office of Adjutant-General Foster as a recognition of his service to the National Guard a handsome medal, which is given in exchange for his fifteen-year service with the troops.

Col. Webster has really been connected with the Florida State Troops since 1882, when he joined the old Gainesville Guards as a private, being afterwards promoted, and finally coming in line of promotion as Colonel of the Second Regiment, which he resigned for business reasons. He is one of the best known and most competent officials in the State, and is highly regarded by the military throughout Florida.

235 Houses Are Burned.

Nezhni Novogord, July 18.—A fire which broke out here Sunday, for six hours before it was checked. When it was finally extinguished 235 houses were destroyed and more than 8,000 families had been rendered homeless. The loss is placed at $600,000.

HARROWING STORY OF WHOLESALE POISONING

Milk Poisons 21 Persons Near Thomasville.

AUTHORITIES WILL INVESTIGATE

All Members of Futch Household, including Neighbors, Pastor and Physician, Who Was Called in Attendance of Sick, Poisoned in Same Way.

Thomasville, Ga., July 18.—A story of wholesale poisoning has been reported to the officers of Thomasville from the home of Mrs. Alice Futch, 7 miles below Thomasville. Twenty-one people were made violently ill last Friday from eating biscuits that were evidently made up with poisoned milk.

Suspicion so far rests on no one, but it is believed that some one on the place intended to murder some, if not all, the members of the Futch family.

Among the victims who were made very sick were Dr. A. H. Taylor, a member of the state board of health, and one of the most prominent physicians in this section, and Rev. T. A. White, a Baptist preacher, of Thomasville, who is favorably known all over the southern part of the state.

Suspicion that some one was trying to poison the family were aroused about a month ago. One morning the breakfast coffee was made from water taken from the house bucket that sat on the shelf on the back porch, the coffee was so bitter that no one could drink it. Another bucket of water was brought and this also was too bitter to use. Fearing something was wrong, the coffee was made from water taken from another vessel.

Last Thursday a week ago, the family had fried chicken for breakfast. It was not all consumed and what was left was put up in the safe. The family, consisting of Mrs. Futch and her two sons, John and Allen, went off to spend the day. On their return that afternoon John ate some of the chicken and he became very ill. Later his mother and brother also partook of some of the chicken and they, too, were made sick in the same way.

John Futch, fearing that some one was trying to kill them, they skimmed the flour from the top of the barrel in the pantry and put it in a bucket on the shelf. Last Wednesday his mother was taken sick after eating a biscuit and some watermelon. She did not get better and Dr. Taylor was summoned to attend her. He went down there in his buggy, but her case was so serious that he felt he should see her the next day.

In the meantime Rev. Mr. White, pastor of the church to which the Futch family belonged, stopped in to see them, and was invited to spend the night. He did so, and was at dinner the next day. Dr. Taylor was also present at dinner. The cook, not knowing about the removal of the flour, took that which had been placed in the bucket and used it. She mixed it with milk taken from the dairy. The two Futch boys and Mr. White were taken sick soon after dinner and Dr. Taylor was taken ill on his way back to Thomasville in his buggy. The cook and three of her children were also made ill.

Four negroes on the place, who ate some clabber that came out of the dairy, were taken sick in the same way, and so were four other hands who ate some biscuits made up for dinner.

A brood of young turkeys were fed on meal mixed up with clabber and the mother and all the young ones died in a little while.

Mrs. J. C. Thomas, of Metcalf, took dinner with the family and was affected in the same way. That afternoon Mrs. Alice Kern, a neighbor, and her two children visited the family. The children wanted something to eat and were given a biscuit from those left from dinner. They became ill but up to this time it was not thought that the dinner biscuits caused it.

Monday night Miss Odum and Miss Myrtle Kapp, two of the young ladies in the neighborhood, came over to the house and being hungry went to the safe and got some biscuits, and it was not long before they were all affected just as all the others had been.

Some of the biscuits have been forwarded to Dr. Harris, of Atlanta, secretary of the state board of health, to be examined. As soon as his report is received the officers will have something definite upon which to work.

CAPTAIN WAS BOUND OVER.

Salvation Army Officer Was Charged With Stealing Money from Man.

Atlanta, July 18.—In Justice Landrum's court Monday Captain John Christensen, of the Salvation Army, was bound over to the superior court on the charge of larceny from Oliver Hilton, who accused the officer of stealing two 10-dollar bills from him.

Saturday night the accuser in the case went to the Salvation army hotel and asked for a berth for the night. According to statements made in court by the witnesses for the defense, Hilton was intoxicated, and raised a disturbance, fighting the Salvation Army captain. Hilton claims he was relieved of the bills while scrapping.

The Salvation Army is far from satisfied with the handling of the Christenson case. In the first place, the officer who bears a good reputation in Atlanta, was arrested on the word of a stranger, taken to the police station in the patrol wagon, and locked up all night, as the bail demanded, $100, could not be secured so late at night.

Members of the Army are of the opinion that the police department could have handled the case in some better way.

THAW'S COUNSEL RE ENGAGED.

Mrs Thaw Insists that They Remain in the Case

New York, July 18.—Following the announcement that despite her son's objections, Mrs. William Thaw would insist that the firm of Black, Olcott, Gruber and Bonyge, continue as counsel for Harry K. Thaw, in connection with the killing of Stanford White, Mrs. Thaw said:

"I have asked Mr Delafield to see Judge Olcott and insist that they remain in the case and continue to have active charge of the plans for the defense of my son. The conference, which we had arranged with Judge Olcott and Mr. Delafield, was postponed until later, when it will be held at Mr Delafield's office"

It was said by a person close to Mr. Olcott that no objection would be made by that firm, so long as Black, Olcott, Gruber and Bonynge were recognized as senior counsel.

Dropped Dead in Sister's Arms.

Meridian, Miss., July 18.—Bud Smith a mechanic dropped dead as he entered the home of his sister, Daisy Edwards, in the western portion of the city. He was caught in the worst of the heavy wind and rain storm and is believed to have been frightened for the safety of his relatives. After reaching home and finding his relatives unharmed, and the storm over, Smith clutched at his throat and fell dead in his sister's arms. The shock of relief was too great for his weakened condition.

Dry Dock Dewey Anchored.

Washington, July 18.—The floating dry dock Dewey, which went half around the world on its voyage to the Philippines is now anchored off Rivera point, Olongopo naval station. At this place there is 65 feet of water, so that all vessels, which may be sent into dock may reach it in perfect safety. The Dewey will be anchored with four huge mushroom anchors at each end, and as the time rises only about one foot at Olongopo there is little danger of the huge structure being carried from its position.

Favor New Treaties.

New York, July 18.—The following cable dispatch was received in this city Monday from Bogota, Colombia: "Colombia national commercial congress assembled in Bogota, representing all parts of the republic, has unanimously adopted resolutions endorsing favorably the negotiations begun by President Reyes and Minister Barrett for new treaties between the United States and Panama. This action is most important, assuring the support of the business interests."

STATE EXAMINATION BEGAN TUESDAY

Twenty-Three Applicants Entered for Higher Grades.

TEACHERS MANIFEST INTEREST

Prof. Holloway, State Superintendent, is Conducting Examination, and Applicants Are Encouraged—Examinations Begin Today.

From Wednesday's Daily Sun

The State examination for State Senior High School certificates commenced in the court room Tuesday afternoon at 2 o'clock.

Twenty-three applicants—sixteen gentlemen and seven ladies—are taking the examination. Rhetoric was the study disposed of Tuesday. After consulting with the applicants, Prof. Holloway has decided to give three studies a day instead of two as heretofore announced. The examination will begin at 8 o'clock this morning with geometry, to be followed by general history. This afternoon the subject will be psychology. Thursday forenoon the subjects will be physics and Latin; in the afternoon, zoology. Friday forenoon, trigonometry and English literature; finishing up with botany Friday afternoon. The examination for State Primary certificates will begin this morning in the High School building, and will be conducted by Mrs. Ella LaF. Hamilton.

FISHING PARTY RETURNS.

Had a Big Time on Gulf Coast. Many Startling Stories.

The fishing "bee," composed of Edward O'Neill, B. F. Miller, Chas. Pinkoson and Fred Hampton, have returned from a cruise on the Gulf Coast, where they have been for the past ten days, going as far south as Clearwater.

The Sun representative called upon two of the party, both of whom admitted that there were some good stories, but inasmuch as Mr. O'Neill had been elected the "chief prevaricator" of the party, with full power to interview the newspapers, they refused to give out anything for publication, but admitted that there was something of unusual interest to say.

Mr. O'Neill proceeded to Jacksonville on the same train, and will be absent until this afternoon. He may have something to say upon his return, if he is willing to stand the "consequences."

IS EXTENDING SERVICE.

The Electric Light Company Will Have Lights in North Gainesville.

In response to the demand for an extended service, the Gainesville Gas and Electric Light Company have decided to extend their wires to North Gainesville, with the result that poles are now being placed, and the lights will be installed in the various homes which desire them in the next few days.

Manager Doig of the electric light company is always ready and willing to accommodate those who are disposed to patronize him. The service has been good, and is being extended every day. The good people of North Gainesville will appreciate the advantage to be afforded by electric lights, which they have never enjoyed before.

Lepers Vote for President.

Washington, Jul 18.—Even leprosy cannot force Filipinos to abandon politics. The bureau of insular affairs has received reports of an election recently held on the island of Cilion by the leper colony for the selection of a president and "consejales," or councilmen. The lepers also took occasion at the time of this election to formulate resolutions thanking the Philippine government for the excellent quarters it has provided for them on the island, which is given over entirely to the unfortunates, and will eventually be made the home of all the 5,000 lepers in the archipelago. At present there are more than 600 of the unfortunates in the [illegible]

IN RUNNING FIGHT NEGRO WOUNDED

Attempted to Pass Forged Check on First National Bank.

ARRESTED BY OFFICER BRUTON

As the Officer Was Attempting to Open Jail Gate Negro Sprang Upon Him, Took His Pistol and Ran—Lively Chase Which Resulted in Capture.

In a running fight between Sheriff L. W. Fennell and a negro who was afterward learned to be Taylor Morgan, on Monday, Morgan was wounded, and is now laying in a prison cell in the county jail suffering from his wounds.

Just before noon Monday the negro approached the cashier's station at the First National Bank and presented a check for $158, supposed to bear the signature of S. F. Waits of Grove Park. Cashier Taylor requested the endorsement of the check, when the man boldly scribbled the name of John Hale across the back. Cashier Taylor, however, who is as shrewd as bank officials usually get to be, immediately suspicioned that there was a forgery, and a conversation over the 'phone with Mr. Waits verified his suspicions. While pretending to get the money together, he summoned Acting Marshal Bruton and ordered the man placed under arrest.

Morgan was arrested and taken to the county jail without special incident. He had behaved so nicely, however, that Officer Bruton's confidence had grown a little warm. When he reached the jail yard gate and was in the act of opening the big gate Morgan sprang upon him like a tiger, and, being physically a powerful man, soon took possession of the officer's revolver. He did not attempt to shoot, however, but turned quickly and made a hasty retreat down the narrow street south of the jail.

Sheriff Fennell, who had been attracted from the jail yard by the noise of the scuffle, appeared upon the scene just in time to see the negro disappear around the corner. He jumped into a buggy being driven by H. E. Benson and gave chase, commanding Morgan to halt. Failing to stop the man, he fired with his revolver two shots, both of which it was afterwards learned took effect, but did not stop the man.

After having chased the negro well into Southeast Gainesville, through fields and yards and private premises, one of the employes at the jail, who had saddled the sheriff's horse, overtook the officer, when Mr. Denham appeared upon the scene and handed him a shotgun loaded with buckshot. One shot from the gun took effect in Morgan's arm, causing him to drop the marshal's pistol which he still held, and surrender.

Morgan was taken to the jail, when Dr. Lartigue was summoned. Proper attention was given the wounds, which showed two pistol and one gunshot wound, after which the prisoner rested easily.

Morgan will be charged with forgery.

The prisoner states that he has been working as a section hand on the Atlantic Coast Line at Alachua, but for the past three or four days has been working on the naval stores farm at Grove Park.

What is a Backache?

IT IS NATURE'S WARNING TO WOMEN

Diseases of Woman's Organism Cured and Consequent Pain Stopped by Lydia E. Pinkham's Vegetable Compound.

"It seems as though my back would break." Women utter these words over and over again, but continue to drag along and suffer with aches in the small of the back, pain low down in the side, "bearing-down" pains, nervousness and no ambition for any task.

Miss Maude Morris

They do not realize that the back is the mainspring of woman's organism, and quickly indicates by aching a diseased condition of the female organs or kidneys, and that the aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound has been for many years the one and only effective remedy in such cases. It speedily cures female and kidney disorders and restores the female organs to a healthy condition.

"I have suffered with female troubles for over two years, suffering intense pain each month, my back ached until it seemed as though it would break, and I felt so weak all over that I did not find strength to attend to my work but had to stay in bed a large part of the first two or three days every month. I would have sleepless nights, bad dreams and severe headaches. All this undermined my health.

"We consulted an old family physician, who advised that I try Lydia E. Pinkham's Vegetable Compound. I began taking it regularly and soon found that I could sleep and eat better than I had done for months. Within two months I became regular and I no longer suffer from backache or pain."—Miss Maude Morris, Sec. Ladies' Aid and Mission Society, 85 E. Hunter St., Atlanta, Ga.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

A Christian Chinaman.

D. M. Fay, who came a few months ago with his family from Oregon to this city, and who has been since in the employ of C. W. Chase, desires a friend to state through The Sun that he is a Christian Chinaman, believing in everything which the Bible, Old and New Testament, contains.

Mr. Fay has been for twenty-two years connected with the Baptist Church in Oregon, where he has been residing, and is in affiliation with that denomination here. His membership is with a church in Oregon, but he expects to transfer the same to the First Baptist Church at Gainesville within a short time.

SOME GOOD SUGGESTIONS.

A Correspondent Wants Information About Receipts and Expenditures.

Editor Sun: I am pleased to note from your paper that the City Council is required to have annual auditing of accounts of officials and same published in a newspaper, and the fact that this section of the city charter has not been complied with shows that the members of the council are not as alert in giving publicity to their acts as they should be. The taxpayers are entitled to this information and it should be given to them at once.

While on this subject, Mr. Editor, there are some other things I would suggest, and one is that the charter be so amended as to require the council to make up their annual budget and have it published in a newspaper, as is done in other cities. This way of transferring money from one fund to another, I am informed, is without authority of law.

It behooves our representatives to have the present charter amended in several instances, one of which is to cut down the rate of interest charged property owners for paving, etc., to at least eight per cent. The rate of 12 per cent is usury under the State law, an imposition on those property owners who are too poor to pay spot cash to have the work done. The poorer class of property owners expect the members of the next Legislature to look after their interests in these and other particulars, and not be guided solely by the wishes of speculators who seem to be thriving upon the poverty of their less fortunate fellow-citizens.

TAXPAYER.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

COMMITTEE IS GRATEFUL.

Chairman Writes Impressive Letter to Secretary Board of Trade.

The finance committee of the relief and Red Cross funds of San Francisco have written to B. F. Hampton, secretary of the Gainesville Board of Trade, a letter of acknowledgment of the receipt of $169.50, being the amount contributed by the citizens of Gainesville, exclusive of lodge and other sources. James D. Phelan, chairman of the committee, writes very touchingly of the gratitude of the unfortunates of the stricken city toward the people of the entire country, and concludes his letter with kindest wishes for the good people of Florida in general, who have been very humane in responding to the distressed populace.

Letter to H. E. Taylor, Gainesville, Fla.

Dear Sir: A big mill owner, Spartansburg, S. C., wanted 5,000 gallons of paint, and bought by price; paid 5 cents less than ours; got a "lead-and-zinc" paint; but the lead was sulphate of lead, not carbonate. Sulphate costs about half; and covers about half.

That paint was adulterated about six times as much as the 5 cents paid for. He "saved" 5 cents; and it cost him 30.

Oh no; it cost him more than that; we forgot the labor. Can't work it out exactly; don't know how long it'll wear.

Short measure besides; that alone was twice as much as his "saving" 5 cents.

It was thin, too; some loss there; don't know how much.

There was too much dryer in it. The maker made something on that; he didn't.

Taking it altogether, he didn't make much by that 5 cents.

Go by the name; and the name is Devoe lead-and-zinc.

Yours truly,

MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

COMPLIMENT TO CORRS.

Prof. P. W. Corr and Daughter Chosen On Faculty at Jasper.

Prof. P. W. Corr, formerly principal of the Gainesville High School, now a member of the faculty of the Normal, and his daughter, Miss Aly's May Corr, have both accepted positions in the faculty of the Jasper Normal.

Prof. Corr was educated at Richmond (Virginia) College. Miss Corr is a successful teacher. She is taking State examination for a Senior High Certificate. She is especially strong in Latin and mathematics.

CHANGE OF OWNERSHIP.

Carolina House at Micanopy Now Under Management of Mrs. Carlton.

After a kind of misunderstanding of the public for the past few weeks as to "who was who" in the ownership and management of the Carolina House at Micanopy, final announcement has at last been made of the ownership of this famous hostelry by Mrs. W. A. Carlton.

The Carolina House has for many years, previous to a couple of years ago, been owned and managed in a most satisfactory manner by Prof. J. H. Moffett, who removed to Tampa to accept a position as a member of the faculty of a Tampa school. The house enjoyed the reputation among the traveling fraternity, who are known to be the most competent epicures as well as the most determined "kickers" in the country, as being among the best of the country Hotels of this section. Fried chicken, fat, hot, buttermilk biscuit was a familiar sight upon the clean white table cloth, and altogether the Carolina House stood well with those who had occasion to stop there under the management of Prof. Moffett.

Mrs. Carlton has already assumed charge of the hotel, and will endeavor to retain the reputation left by Prof. Moffett. She is an excellent housekeeper, a fine entertainer, and will no doubt succeed in her undertaking.

HOME COMFORT RANGES

Josh Billings Said:

"I luv a rooster bekawse he ken krow, an' bekawse he has spurs to bak up his krow."

We claim that the Home Comfort is the best and most durable Range in the world, and here are the "spurs" to back up the claim:

THE ONLY GRAND PRIZE awarded by the Louisiana Purchase Exposition. Awarded by the group jury, approved by the department jury, affirmed by the supreme jury, and reaffirmed by the committee of five.

OFFICIAL RIBBON, World's Columbian Exposition. OFFICIAL RIBBON, California International Midwinter Exposition, San Francisco, 1894.

PREVIOUS AWARDS—27 highest diplomas, 16 gold medals, 1 silver medal, Industrial Exhibition, Toronto, Ont., Can., 1895. (The highest award, and only medal ever given on Ranges in Canada).

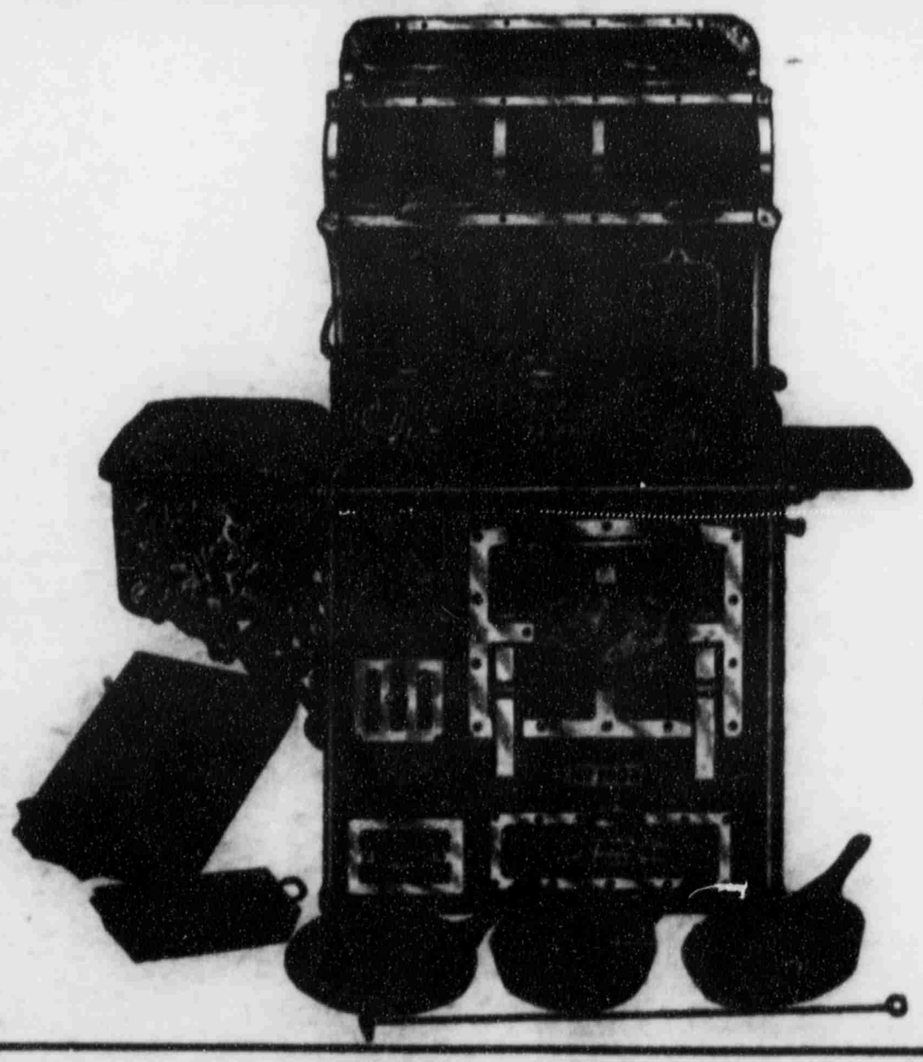
Gentlemen—We purchased of your salesman, J. D. Crouse, on the 8th day of February, 1906, a "Home Comfort" Range, and are pleased to say that it gives entire satisfaction.
This certificate you can use in any manner you see proper. Respectfully,
MRS. LOTT EDWARDS.



What Prominent People Who Have Used the Home Comfort Ranges Say About Them:

Paradise, May 15, 1906
To whom it may concern: This is to certify that I bought a Home Comfort Range from The Wrought Iron Range Company sixteen years ago, and have found it to be just as represented. It has been in constant use since I bought it and is as good today as when purchased, except the first joint of piping. This they replace free of charge. My range has at all times given perfect satisfaction, and is a great saver of fuel. If you buy one you will make no mistake. If my range had in any way given out I certainly would replace with another, as their salesmen are now in this county and the range they are now selling has great improvements over mine. W. A. STRICKLAND.

Trust products are costly to the citizens and cheap to the foreigners. Why not revise the tariff that protects the trusts and even things up?

Trust magnate Schwab has just lost so much money gambling at Monte Carlo that he will have to reconsider his determination to run for Senator in Nevada.

A bill has passed the Georgia Legislature to pay a former convict $655 for the time he served in the penitentiary beyond the term of his sentence, the State having received that amount from the lesses for his services. The convict lease system in Georgia must be loosely conducted when a poor devil is treated in that manner.

Judge Beggs of the Escambia county criminal court gives notice that hereafter he will be no respecter of persons in passing sentence for carrying concealed weapons. The minimum sentence will be three months in the chain gang and a fine of one hundred dollars. This announcement will no doubt cause many of the "respectable" element to leave their pistols at home.

The Crystal River News has expressed the opinion, in an article bemoaning the defeat of Dr. Baskin for re-election as State Senator from the district composed of Marion and Sumter counties, that Capt. Baker, the Senator-elect, will be loath to let Marion county comprise a Senatorial district. The News need not give itself any uneasiness regarding the actions of Senator Baker. The writer was for years associated with him as a legislator, both in the House and Senate, and can truthfully say that it was never our pleasure to associate with a more honorable, high-toned gentleman. He is absolutely fair in all his relations with his fellow-man, in politics as well as business affairs, and the people of Marion county can rest assured that he will do that which he believes to be right in the matter of reapportionment.

NAVAL STORES MEN SHOULD TAKE NOTICE.

Naval stores men, or those engaged in the cutting, shipping and boxing of trees for the production of naval stores, says The Pensacola Journal, may not all be aware that a very stringent law relating to such work on public lands was passed at the last session of Congress. The act in full is as follows:

An act to punish the cutting, chipping, or boxing of trees on the public lands.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled: That every person who shall cut, chip, chop, or box any tree on any lands belonging to the United States or on any lands covered by or embraced in any unperfected settlement, application, filing, entry, selection or location, made under any law of the United States, for the purpose of obtaining from such tree any pitch, turpentine or other substance; and every person who shall knowingly encourage, cause, procure or aid any such tree to be so cut, or who shall buy, trade for, or in any manner acquire any pitch, turpentine or other substance, when he has knowledge that the same has been so unlawfully obtained from such trees, shall be guilty of a misdemeanor and upon conviction thereof be punished by a fine of not more than five hundred dollars or by imprisonment not exceeding twelve months, or by both such fine and imprisonment.

Approved June 4, 1906.

In view of the trouble which many timber men have had in the United States courts recently, naval stores operators as well as timber men will do well to be careful where they operate, for the Federal authorities will undoubtedly enforce this act just as thoroughly as they have the one which prohibits the cutting of timber on public lands.

GOVERNMENT TITLES.

The DeFuniak Springs Breeze calls attention to an important court decision in the following article:

"The decision of Judge Swayne in the case of the U. S. vs. the J. J. McCaskill Co., recently, was one of far-reaching import, and one that is likely to bring about considerable trouble in land matters. The case, as we understand it, is about as follows: W. J. Ward entered the land in question as a homestead, and in due course of time made his final proof thereon, afterward selling the land to McCaskill. An investigation by an agent of the department made it appear that Ward had not complied with the law as to improvement and residence thereon, and the government brought suit to cancel the patent, alleging fraud on the part of Ward. As Ward was no longer the owner, suit was brought against McCaskill as the then owner of the land. Ordinarily it would seem that McCaskill, as an innocent purchaser, should not have been molested, but the decision of the court would seem to hold that the purchaser of land must know that the title of the grantor was good and that if McCaskill bought the land without seeing it, and so did not know that Ward had complied with the law, or having seen it and in so doing became aware of the fact that the law had not been complied with, did so at his own risk Heretofore a government patent has been taken to be the best possible title, but under this construction of the law there is a broad chance for a great many presumably good titles to be set aside and innocent purchasers even to the fourth, fifth or even tenth transfer, be the victims. The case, aside from this feature, is in line with the fact that we have called attention to so many times within the last twelve months; that is, that the government is going to insist on absolute compliance with the letter and spirit of the homestead laws. If you have not complied with the law you had best either get very busy along that line, or not attempt to make the proof."

REVILING THE DEMOCRATS.

Mr. Taft is disputing with Mr Roosevelt the championship of the noble profession of diplomacy—hiding the truth. In his speech to the negroes and Federal office-holders of North Carolina he declared that while the Democratic leaders have been for years declaring against corporations, "they have instituted no legislative steps in all this time to restrain the abuses." Taft knew this to be utterly false. He knew, for instance, that the Tillman-Gillespie resolution under which the Standard Oil and the railroads are now being investigated was of Democratic origin. He knew that the Tillman bill to prohibit corporations from contributing to party corruption funds—a bill which passed the Senate, but was opposed by Root, Roosevelt and Taft, so that it failed in the House—was of Democratic origin. He knew that the Democrats in Congress have introduced numberless measures designed to curb the trusts by abolishing the tariff duties on trust-made goods. He knew that nearly every Democratic State has established a railroad commission to prevent extortions and discriminations by the railroad companies. In fine, Taft knew that he was evading the truth and gloried in what he was doing. Let him read what Roosevelt has written about liars, and he will probably think less of himself, unless Roosevelt has told him not to believe such things.

That it is not necessary to plant the catalpa speciosa in order to procure good material for catalpa fence posts is the contention of a writer in The Arcadia News. While not contending as to which of the two species it may be—speciosa or bignonides—he says that catalpa "growing on the banks of the Waciesa river, in the (DeSoto) county shows clean and straight and tall. Catalpa in the south county creeks and the farm sections seldom attain large size, being quickly cut for posts when located. Trees in the Waciesa swamp, however, grow to an immense height, showing clean, straight trunks running thirty to fifty feet to the first limbs, and from one to three feet in diameter." The writer tells of posts of the southern catalpa which have been in the ground fifteen or eighteen years and are as sound as ever and others still good after fifty years of service. Other facts are given to show the tree's great vitality and rapid growth. This is valuable information. The Waciesa swamp catalpa might be propagated for the benefit of other Florida swamping land and furnish an abundance of timber for several purposes.—Times-Union.

The jury returned a verdict of not guilty in the ice trust case at Jacksonville in which Solicitor Bryan charged W. S. Ware, Bob Gamble et al. with entering into a combination to control the output and fix the price of ice. Mr. Bryan states, however, that notwithstanding he has been defeated in the first skirmish, he has just commenced to fight the ice combination. Judging from the array of counsel the defendants had representing them Duval county's able solicitor evidently had them badly scared. Better luck to you next time, Mr. Bryan.

Suffered Over Two Years—Health Was In a Precarious Condition—Caused By Pelvic Catarrh.

HEALTH AND STRENGTH RESTORED BY PE-RU-NA.

Mrs. Emma Fleissner, 1412 Sixth Ave., Seattle, Wash., Worthy Treasurer Sons of Temperance, writes:

"I suffered over two years with irregular and painful periods. My health was in a very precarious condition and I was anxious to find something to restore my health and strength.

"I was very glad to try Peruna and delighted to find that it was doing me good. I continued to use it a little over three months and found my troubles removed.

"I consider it a splendid medicine and shall never be without it, taking a dose occasionally when I feel run-down and tired."

Our files contain thousands of testimonials which Dr. Hartman has received from grateful, happy women who have been restored to health by his remedy, Peruna.

COERCING PEOPLE OF ARIZONA

The defeat of President Roosevelt's scheme by the Democrats to force Arizona into partnership with New Mexico appears to have enraged him against the people of that Territory. He threatens them that "if they let this chance go by they will have to wait many years before the chance again offers itself, and even then it probably will be only on the present terms—that is on the condition of being joined with New Mexico." Arizona is Democaratic, New Mexico is Republican, and the great majority of the voters are Mexicans, and the Roosevelt scheme is to force the two Territories together and make a Republican State. This plan is very obnoxious to the people of Arizona, who are largely Americans and prefer to remain as a Territory than to be ruled by the Mexicans. Thanks to the Democratic amendment to the enabling act the people of Arizona have the right to vote, for or against, the joint Statehood plan. The federal office-holders are already engaged in an active campaign to induce the voters to accept Statehood with New Mexico. They should be attending to their official business.

Doctor Albert Banks says that a most remarkable convent is to be found in the catacombs of the Russian Cathedral at Kieve. Deep down beneath the magnificent cathedral are miles of subterranean corridors, lined with the cells in which fifteen hundred hermits perform their daily devotions and duties—live, eat, and sleep in the grim company of their dead predecessors. For a short time each day they ramble in the beautiful gardens surrounding the cathedral, only to return from their fugitive glimpse of paradise to the dark, damp cellars where they live their "death in life." The building which rises above them is of marvelous splendor. Its walls are covered with plaques of silver and gold. The images are suspended in richly jeweled frames of gold, and before them hang hundreds of tiny lamps gleaming with multicolored jewels. Like the gloomy life of these monks, catching a glimpse now and then of the beauty of the heaven above, and going back for the most part into the hell of the darkness beneath, is many a human life lived in this world.

WILL RAISE JERSEY CATTLE.

Dr. Schlater of Micanopy Has Purchased Valuable Grazing Property.

Dr. M. E. Schlater, a progressive citizen of Micanopy and one of the directors of the new bank at that place, was in the city Monday.

Dr. Schlater is also a trucker of considerable importance, as he grows and ships large quantities of choice "stuff" which never fails to bring good prices. He owned for many years a handsome orange grove, but recently sold same to Captain B. W. Fontaine. He has purchased what is known as the Whittemore place, near Micanopy. This is a desirable range, and he proposes to engage in the raising of fine blooded Jersey cattle, of which he is very fond.

Dr. Schlater was en route for a trip North, intending to spend some time in Wisconsin, but received a telegram in Washington, D. C., announcing the sudden death of his foreman, James Covington, which necessitated his return home.

THE NEWS FROM MELROSE.

Patriotic Citizens Will Purchase Flag For Town Hall—Personal Mention.

Melrose, July 16.—Mrs. C. W. Rogers and daughter have returned to Live Oak, after spending several weeks pleasantly in town. Miss K. Mizell accompanied them for a visit.

T. B. Ellis, Jr., was over from Gainesville on Monday on legal business in justice of the peace court.

Mrs. B. F. Lassiter and daughter Gladys, have returned to Miami, having been the guests of Mr. and Mrs. Jorgins for a week.

W. E. Baker has about finished shipping his peaches, amounting to nearly 500 crates. The results were very satisfactory.

An ice cream sale will take place on Tuesday afternoon at the town hall the proceeds to be for the purchase of a large national flag for the town.

J. R. McDonald, president of the Southern Automobile Co., Jacksonville, was in town for several days on business.

I. Mizell of Orange Lake is the guest of A. A. McRae.

The funeral of I. Sherouse, a resident of Campville, took place Saturday at Eliam cemetery, and was largely attended. Rev. Sistrunk officiated.

FAIRFIELD PICNIC.

Will be Given by the Maccabees on July 25—Everyone Invited.

A big picnic will be given by the Maccabees of Fairfield near the Methodist church on July 25. Everybody is cordially invited to come, bring their baskets and have a nice time. Plenty of refreshments will be served on the grounds, and the people of Fairfield would like to ask Mr. J. B. Cutler of Gainesville to run an excursion over the Gainesville and Gulf Railroad for the purpose of the picnic.

Will Take a Vacation.

The congregation of the Baptist church love their pastor, Rev. S. B. Rogers, who has been confined to his home with critical illness for the past three weeks, but who is now considerably improved. On last Sunday the congregation voted unanimously to give Mr. Rogers a vacation—in fact, to make him take it—on full pay. He will leave in a day or two for North Carolina, and during his absence will receive full pay. Mr. Rogers is not only one of the best ministers the First Baptist Church has ever had, but is a conscientious gentleman and a good and faithful friend, and the people appreciate him. During his absence from the city Rev. P. W. Corr will fill the pulpit. Dr. Corr has been very kind in assuming this position during Mr. Rogers' illness, for which both the pastor and congregation are grateful.

OLD WAR CANNON TO BE MOVED HERE

Relic of Sea Horse Key Will be Brought to Gainesville.

WAS A COAST DEFENSE

Rev. S. B. Rogers Has Been in Correspondence With the War Department With Result That Old Relic Will be Installed at the University.

Editor Sun: The public will remember that some months ago there occurred an article in your paper with reference to the removal of the Confederate cannon, now on Sea Horse Island at Cedar Key, to Gainesville. I took this matter up as proposed through Hon. Frank Clark, our esteemed representative in Congress. Our efforts have been rewarded with the following letter to Hon. Frank Clark:

"Hon. Frank Clark, M. C., House of Representatives:

"Sir—In reply to your letter of the 4th inst., you are informed that this department has no authority to wave claims to, or dispose of abandoned property, except as provided in Section 3755 R. S.

"No objection, however, will be offered to the removal of the abandoned cannon referred to in your letter from Sea Horse Island to Gainesville, Fla., to be preserved as a relic and held subject to the demand of this department.

"Respectfully,

"L. M. SLECLER,

"Secretary Treasury."

Thus it will be seen that Gainesville has permission to remove the cannon to the University grounds as a relic of a lost, yet sacred, cause. So soon as I am recuperated and returned to the city, I shall at once take steps to bring the sacred old guard of our port and people to the University City. In this I feel that I shall have the hearty co-operation of every patriotic citizen.

NEWS OF CITY AND COUNTY CONDENSED

Walter Turner of Lake View was visiting in the city yesterday.

R. J. Futch of High Springs was among the visitors to this city yesterday.

Chas. McKinney of Graham was transacting business in this city yesterday.

Rev. Mr. Price of Flemington was among the visitors to Gainesville yesterday.

C. E. Melton of Micanopy, one of the prominent business men of that place, was among the visitors to this city yesterday.

Robert Evins of Evinston and Perry G. Ramsey of Wacahoota were among those who paid the county capital a visit yesterday.

M. C. Thomas, a prominent citizen of Alachua, was in the city yesterday on business connected with the county tax collector's office.

Miss Julia King, formerly of this city but now residing at Waldo, was among those who favored Gainesville friends with a visit yesterday.

Dr. L. Montgomery of Micanopy, one of the most widely known and most successful specialist physicians in the South, was transacting business in this city yesterday.

Mrs. J. Miller and son, G. W. Miller, are in the city from Trenton. Mrs. Miller expects to make her departure today for Valdosta, Ga., where she will visit relatives.

J. W. McCall of High Springs, cashier of the Bank of High Springs and one of the most widely known young men of that section, was a business visitor to this city yesterday.

Dr. J. B. Curtis and R. P. Lumpkin, two prominent citizens of the East End, were in the city from Orange Heights yesterday. Dr. Curtis called at The Sun office and renewed his subscription.

Among the prominent business men from Archer who visited Gainesville yesterday were C. W. Bauknight, J. K. Tuten and J. T. Fleming, all merchants. Mr. Tuten was accompanied by his two little sons.

Mrs. Annie Wertheim and granddaughter, little Miss Annie Manasse, left yesterday for Memphis, Tenn., where they expect to spend the remainder of the summer. Friends wish them a pleasant sojourn.

C. D. Dennis, the efficient mine superintendent of the Dutton Phosphate Company with headquarters at Dutton, was in the city yesterday. He has just returned from Ocala and other points in the interest of his firm.

J. R. Emerson has returned from Kirkwood, where he has been looking after his grove interests. He reports the prospects fine, and believes that the yield of grape fruit will be finer and better the coming season than for many years.

H. C. Stevens, the jeweler of High Springs, was transacting business in Gainesville yesterday. Mr. Stevens is also watch inspector for the Atlantic Coast Line, and has many friends throughout his territory who are always glad to see him. He was on an official visit.

John Fleweilen gave a complimentary barbecue to a number of his friends at his home in South Gainesville yesterday. The function was naturally well attended, and those present thoroughly enjoyed the barbecued pig, which had been prepared especially for this occasion.

Harry Cannon, a valued employe of the Dutton Phosphate Company, Eve, was in the city for a few hours yesterday. He was en route home, where he will remain for a short time as a guest of his parents, Mr. and Mrs. O. P. Cannon. Harry had the misfortune of a painful accident about two months ago but friends will be glad that he has completely recovered.

Trenton is Building.

W. W. Colson has returned from Trenton, where he has been for the past two or three days arranging for the construction of a brick building, to contain three stores 25x60 feet dimension each. The building will be the property of Perry M. Colson, and will be known as the Colson block.

Mr. Colson states that Trenton is on the verge of a genuine boom. Several houses are now going up, and others are contemplating building. Within the next few months six or eight new business houses and residences will have been completed.

The Atlantic Coast Line railroad, which is building an extension into LaFayette county from Newberry, expects to inaugurate a regular schedule about August 1, which will give the people of Trenton and vicinity a convenient railroad service.

Editor Setzer Married.

The information conveyed through The Savannah News of the marriage of C. P. Setzer and Miss Ida L. Windham, which occurred in Savannah Monday afternoon, the 16th inst., was received here with a great deal of interest by friends of Mr. Setzer, who was formerly publisher and editor of The High Springs Hornet, and who enjoyed the distinction of being the most original writer in Florida. Editor Setzer in his profession was a "bird," and every issue of his paper was eagerly scanned by those who were accustomed to look for good and original things. Mr. and Mrs. Setzer will make their home in Quitman, a progressive little city of South Georgia.

W. C. T. U. Entertainment.

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Thomas Wilson, a capitalist from Sumter, S. C., has consummated a big land deal which involves timber lands in Hillsborough county aggregating nearly 40,000 acres.

For the first fourteen days this month sixty-four vessels have entered and cleared. All bids fair for July being the banner month in shipments for the port of Jacksonville.

J. P. Hollister gets one year and six months for passing worthless checks upon Pensacolians. Hollister is a man of about 40 years, is of refined appearance and during the time employed in Pensacola made many friends.

The little four-year-old daughter of Mr. and Mrs. F. Cherbourg of Pensacola is suffering terribly from drinking carbolic acid instead of soda water. The child is not expected to live. The parents had been using the carbolic acid as a disinfectant and had left a little in a soda water bottle on a shelf.

The smallest baby ever born in Pensacola, and probably in the South, and survive, is the little mite of a daughter of Mr. and Mrs. A. Carmala, Italians engaged in the ship brokerage business. The child in now five days old, less than eleven inches long and weighs less than two pounds. The child is in the best of health. It is said that it weighed about seventeen ounces when it was born.

That the Seaboard Air Line will shortly increase Jacksonville's population by the addition of at least from 2,500 to 5,000 people, is an assured fact, for by the large number of lots of the grand suburb purchased by this company recently for the purpose of opening up their new workshops, etc., there will certainly be brought into this rapidly growing district fully if not more additional population than the numbers above quoted.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Duncath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

Threatened by Fire.

Boston, July 17.—Faneuil hall was threatened early Monday morning by fire that badly damaged the six story brick building occupied as a cafe by Losli and Tibald on the opposite side of Faneuil hall square. The loss estimated at $50,000.

SUFFERED AGONIES FOR FOUR YEARS

Whole Foot Nothing But Proud Flesh —Tried Different Physicians and All Kinds of Ointments—Could Walk Only With Crutches—Ohio Man Says:

"CUTICURA REMEDIES THE BEST ON EARTH"

"In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me was trying to sew up the side of my foot, but with no success. When he found out that wouldn't work, he began trying to heal the wound with all kinds of ointment, until at last my whole foot and way up above my calf was nothing but proud flesh. I suffered untold agonies for four years, and tried different physicians and all kinds of ointments. I could walk only with crutches. It is sixteen months ago since I began using Cuticura Soap and Ointment for my limb and foot. The first two months the Cuticura Remedies did not seem to work, but I kept on using them both. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often during the day and kept it up for seven months, when my limb was healed up just the same as if I never had trouble.

"It is eight months now since I stopped using Cuticura Remedies, the best on God's earth. I am working at the present day, after five years of suffering. The cost of Cuticura Ointment and Soap was only $6; but the doctors' bills were more like $600. You can publish my name and refer any one to write to me about Cuticura Remedies. I will answer all letters if postage is enclosed. John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

Complete External and Internal Treatment for every Humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug & Chem. Corp., Sole Props., Boston.

A QUIET MARRIAGE.

W. W. Carman and Miss Margaret Hall United in Holy Wedlock.

There was a quiet marriage at the home of Mr. and Mrs. Thos. P. Hay at 8 o'clock Monday morning, the contracting parties being W. W. Carman of White Springs and Miss Margaret Hall of Archer, Rev. Mr. Hay performing the ceremony.

Mr. Carman is a boiler-maker by trade, and holds a responsible position with the R. J. & B. F. Camp Lumber Company of White Springs. He is well known in Archer and in this section, having been employed at his trade in both places. He is originally from Palatka.

The bride is one of Archer's most popular and most lovable young ladies, and has numerous friends.

It is a sure cure for coughs, colds, bronchitis, influenza and all pulmonary diseases. Every mother should keep supplied with this wonderful cough medicine. Sold by W. M. Johnson.

METCALF—SMITH.

Marriage of Former Resident of Hawthorn to Popular Lady.

Fred Cole Metcalf, formerly of Cole Grove, near Hawthorn, this county, now of Cambridge, Mass., and Miss Mae Smith of Medford, Mass., a town six miles from Boston, were married on the 6th of May. The happy couple are pleasantly situated in a flat at 20 Crescent street, a short distance from Harvard University, where Willam S. Metcalf is making them a visit during his vacation.

The Sun is also in receipt of information to the effect that Mrs. Charles F. Fleet, nee Miss Alice B. Metcalf, has presented her husband with a daughter, which has been christened Evelyn Louise. Mr. Fleet is postman at the Brighton postoffice.

Twenty-Year Battle.

"I was a loser in a twenty-year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide by curing both, till not a trace remains," writes A. M. Bruce of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25c at all druggists.

General Kozlov Assassinated.

St. Petersburg, July 17.—Additional details of the assassination of General Kozlov, of the headquarters staff in the park at Peterhoff on Saturday, prove beyond question that the murderer believed he was killing General Trepoff. The tragedy occurred at 9:20 p. m. in the presence of several thousand people who were listening to the music in English park, adjoining the park of Alexander palace.

NOTICE FOR PUBLICATION.

Land Office at Gainesville, Fla., July 6, 1906.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the public land States by Act of August 4, 1892, James B Hardee of Old Town, county of LaFayette, State of Florida, has this day filed in this office his sworn statement No. 535 for the purchase of the E½ of Ne¼ & E½ of Se¼ of Section No. 12, in Township No. 11 S., Range No. 12 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Register and Receiver at Gainesville, Fla., on Tuesday, the 18th day of September, 1906.

He names as witnesses: Geo. W. Newman, J. E. Hardee, C. F. Holmes, E. F. Fisher, all of Old Town, Fla.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 18th day of September, 1906.

SUNBEAMS

Professional politics is the great American game.

At last, character never rises above the plane of its thought.

Both are evils, but the moneyless man is better than the friendless man.

Work is as essential as breathing, and under normal conditions is as joyous.

Down with the muck-raker who defames in order that he may create a market for his goods.

Love demands some sort of secrecy. Otherwise it shrivels to the mere play of passing acquaintance.

The shadow reports true of the substance. There are no doubtful foreshadowing of your inner self.

Don't be so fussy about your life-plane. The electric plant is ponderous and powerful, yet noiseless.

Self-confidence keeps all the finer forces, as the blacksmith's bellows keep the flames burning on the forge.

The "yellow peril" is here now. It is gold that makes life perilous, and the heart's history a supreme tragedy.

A certain woman joined "The Don't Worry Club," and then worried herself almost to death about the payment of dues.

Man toils until his eyes are sunken, and his countenance is all pinched with care. He has chosen immolation on a cross of gold.

Silks are never so gorgeous, nor linen never so fine, as to make less hideous the sin of the human heart. Exit—White and the "den."

The other day Senator Elkins said: "A man may chase dollars and get happiness, but the trouble comes when dollars begin to chase him." That's so!

It would be terrible if the veil should be drawn from the modern heart. The Thaw-White tragedy uncovered the hiding places of the rich "Cave Dwellers."

It is one thing for a man to use money—it is another thing for money to use a man. The former is a contented soul; the latter, a slavish vassal.

San Francisco and China-town! New York and the millionaire's "den!" One, the slime and degradation of underground tunnels; the other, the enthralling beauty and magnificence of "an upper chamber." Who can say this is the better? Who can say that is the worse?

We are fast becoming a race of globe trotters. We leave the solitudes of the Rockies—our Switzerland, the Hudson and the Columbia—our Rhine, to see the reputed grandeurs in distant places. Its the fad we're chasing—not the country and its glories.

The daily wage of honest toil is the unit in legitimate wealth. The Rockefeller estate is now at the billion mark. If Uncle John D. were an honest toiler, getting one thousand ($1,000) every day, he'd have to work about 2,778 long years to amass his fabulous wealth. In other words, had he started 872 years before Jesus Christ was born, and got $1,000 a day until now, he would have just reached his present wealth. Its too dazzling to be honest.

In this age you can't be happy unless you take on more than the mere "wage thought." Emerson, who is coming more and more each day into his own, never wrote a line with the fear of poverty scourging or the greed of gold urging. His first book took about thirteen years to sell the first edition; but still he kept on working as the wild vine keeps on blushing into grapes whether the eye of man sees or not, whether or not the hand of man gathers.

Some people live much in the past. Their traditions are those of the long ago. Their ideals are those of the fathers. The books they read are old and musty. They know of kings whose crowns have melted, and generals whose swords have rusted, and admirals whose ships have foundered, and knightly heroes whose luster has faded, and empires which centuries ago went down. To the present their eyes are closed. To the present their ears are dead. From the present they turn with impatience and disgust.

An anonymous writer wrote a poem that reveals a marvelous defect in the moral penalties. The very sweetest and the best of all our firesides sometimes cross thresholds that will never be touched by the friend of other days. It were infinitely better to die and be devoured by the worms of the dust than to be entombed in living death. The girl who crosses that boundary does so to return never again. She enters oblivion and is ostracized from bosoms upon which she was wont to lean. Pity may redeem her—love never! Her name is spoken in whispers and her phantom form appears amidst the shadows of shame. That's the lovely, but blasted girl. The man—ah! The voice of society speaks in other tones here. He's in the parlor with the fairest—he's in the whirl of trade competing with the honorable. Down—down with the social law that makes a distinction where there is no difference! Listen to my poem:

Yes, stone the woman—let the man go free!
Draw back your skirts, lest they perchance
May touch the garments as she passes.
But to him put forth a willing hand
To clasp with his that led her to destruction
And disgrace. Shut up from her the sacred
Ways of toil that she may no more win an
Honest meal, but open to him all honorable
Paths where he may win distinction.
Give him fair, pressed down measures
Of life's sweetest joys. Pass her,
Oh, maiden, with a pure, proud face,
If she puts out a poor, polluted palm,
But lay thy hand in his on some bridal day,
And swear to cling to him
With wifely love and reverence;
Trust him who led a sister woman
To a fearful fate.
Yes, stone the woman—let the man go free,
Let one soul suffer for the guilt of two—
Is the doctrine of a hurried world,
Too out of breath for holding balances
Where nice distinctions and injustices
Are calmly weighed. But, ah! how will it be
On that strange day of final fire and flame,
When men shall stand before the one True Judge? Shall sex make then
A difference in sin? Shall he,
The searcher of the hidden heart,
In his eternal and divine decree,
Condemn the woman and forgive the man?

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

My Hair is Extra Long

Feed your hair; nourish it; give it something to live on. Then it will stop falling, and will grow long and heavy. Ayer's Hair Vigor is the only genuine hair-food you can buy. It gives new life to the hair-bulbs. You save what hair you have, and get more, too. And it keeps the scalp clean and healthy.

HAD FINE MEETING.

Many Attended the Anthony District Conference, Despite the Rains.

Rev. T. J. Nixon has returned from Anthony, where he has been for the past three or four days attending the district quarterly conference of his church.

Mr. Nixon states that the meeting was a most successful one, and was well attended, but the attendance would probably have been much heavier had it not been for the incessant rains which have prevailed throughout the entire district, making travel an inconvenience, rather than a pleasure.

The meeting passed off very pleasantly, and a great deal of good work was reported for the period just at a close.

Mr. Nixon desires through The Sun to thank Dr. Yocum and Dr. Russell for their assistance in last Sunday's services at his church. He had been told that both delivered fine and impressive discourses, and he is very grateful to them.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

Entertains Distinguished Guests.

Atlanta, July 17.—Atlanta entertained three very distinguished guests, William Travers Jerome, the famous district attorney of New York, and his two assistants, Arthur C. Vandiver and Francis P. Garvan. This trio of brilliant legal talent that have become national arrived in the city Sunday afternoon enroute to Warm Springs, Ga., where Mr. Jerome will address the Georgia Bar association.

Your Liver

Is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. F——, Ft. Worth, Texas, writes: "Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well, and we owe it to Herbine." Sold by W. M. Johnson.

Umbria is on a Mud Bank.

Kingston, Jamaica, July 17.—The Italian cruiser Umbria, which went aground on a mud bank here on July 13, remains fast. Her guns and the coal in her bunkers have been removed in order to lighten the vessel and hopes of saving her are entertained. Weather conditions are good.

BUILDING BOOM CONTINUES.

Many Handsome Homes Being Erected in Various Sections of City.

The building boom in Gainesville continues unabated. There are at least a dozen fine residences in various sections of the city now going up, one of which is the fine $8,000 home of Hon. Frank Clark, which will be located on West Liberty street, the thoroughfare leading to the University grounds.

Lee Graham yesterday began tearing down the Hyde home, corner East Main and East Mechanic streets. Mr. Graham proposes to use a considerable amount of this material in the construction of a neat two-story residence, six rooms, on West Court street, No. 408. This section of the city is rapidly building up, and is destined to become a leading section within a short time.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

South African Financier Dead.

London, July 17.—Alfred Belt, the well known South African financier, died Monday. He had been in bad health for some time.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation, as it stimulates the liver and restores the natural action of the bowels, without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" 4 in The Sun.

From Tuesday's Daily Sun:

Fewer Gallons; Wears Longer; Devoe.

Miss Eva Bauknight has returned from a pleasant visit to friends at Micanopy.

George Highsmith of Arredondo was a business visitor to Gainesville yesterday.

Mr. and Mrs. J E. Thrasher of Micanopy spent the day in Gainesville with friends yesterday.

Chas. Baldwin and daughter, Miss Celia, of Melrose, spent Sunday with friends in this city.

Postmaster W. F. Barron of Evinston was among the prominent visitors to this city yesterday.

Miss Cornelia Kennedy, a charming young lady of Archer, spent yesterday with friends in this city.

W. S. Dorsey & Co. have for sale three mares. Write for particulars W. S. Dorsey & Co., Gainesville Fla.

W. M. Barco of the Dutton Phosphate Company, Dutton, was registered at the Brown House yesterday.

Section Foreman Jones of the Atlantic Coast Line, with headquarters at Rochelle, was in the city on business yesterday.

Mrs. A. W. Craig and Misses Lola and Lottie Lawler of Melrose were among those who favored Gainesville friends with a visit yesterday.

Nimrod Wells is erecting a neat six-room cottage on his place in North Gainesville, which will be a credit to that section of the city when completed.

Mrs. L. B. Fletcher has arrived in the city from Waldo. Mr. Fletcher has accepted a position as baker with Jerry Runkle, and, with his wife, will reside here.

Mrs. Cora E. Tyler and nephew, Wallace Waters, have returned from Brunswick, Ga., where they have been spending the time pleasantly for the past few days.

Miss Cora Wittstock has returned from Monteocha, where she has been on a visit to relatives. Upon her return she was accompanied by Mattison Dyal and Misses Amy and Sue Dyal.

Mrs. M. L. Thompson of Holder, who has been here for some time on a visit to Mr. and Mrs. C. A. W. Thomas, left yesterday for Windsor, where she will be the guest of relatives for a few days before returning home.

Daniel Chesser and son, Pink, of LaCrosse, were among the visitors to this city yesterday. "Uncle Dan," as he is familiarly known, was en route to Ocoee, Orange county, where he goes to inspect some valuable timber land.

Congressman Frank Clark and family have arrived in the city and are pleasantly located at The Oaks, where they are at home to their friends. This estimable family will be accorded a hearty welcome to Gainesville.

L. C. McClenny, junior member of the firm of McClenny & Co., logging contractors, Astor, passed through the city yesterday en route from Cadillac, where he has been on a visit to his parents. Mr. McClenny is well known and has many friends in this city, many of whom were aware of his coming and spent a few moments with him at the station.

Capt. B. W. Fontaine of Micanopy was crossing palms with his Gainesville friends yesterday. He informed The Sun representative that the orange grove which he recently purchased from Dr. Schlater promises a yield of about 7,000 boxes this year. His many friends trust that his fondest hopes may be realized, for if there is a man in Alachua county who deserves to prosper it is Captain Ben.

From Wednesday's Daily Sun:

J. W. English of Tacoma was trading in the city yesterday.

Prof. P. Q Cason of Hague was a visitor to this city yesterday.

Miss Annie Thomas of Fairbanks was shopping in the city Monday.

George Main, the trucker of Rocky Point, was a business visitor to this city yesterday.

J. H. Dye of Micanopy was in town yesterday. He has recently been over a greater portion of the State and reports excessive rain falls in every section.

Mrs. H. L. Jarvis and children returned yesterday from Oakland, Orange county, where they have been on a visit to the former's parents, Mr. and Mrs. Wingate.

N. B. Mott, erstwhile one of Alachua county's most efficient teachers, but now engaged in the mercantile business at Micanopy, was among the visitors to Gainesville yesterday.

Dr. J. F. McKinstry, Jr., and wife left yesterday for New York, where they will spend a month with relatives of Mrs. McKinstry. Their many friends wish them a pleasant outing.

J. W. Williams of Newberry was a welcome visitor to The Sun office Wednesday. He reports the crops in his section as in very good condition, notwithstanding the excessive rains.

An alarm of fire was turned from Box 46 at 6:25 yesterday morning, which summoned the department to a small shanty occupied by negroes on East Magnolia street. The flames were soon extinguished and the damage was slight.

Mr. and Mrs. J. H. Truby and children left yesterday for New York, where they will spend a short time prior to visiting Mr. Truby's sister at Steelton, Pa. They will return via Washington, where they will visit Mr. Truby's mother.

Dr. Thos. McLeod, one of the prominent citizens of the West End, was in the city yesterday, and his numerous friends here were glad to see him. Mrs. McLeod is now in Saluda, N. C., where she expects to spend a month or six weeks recuperating.

F. S Curl and Mr. and Mrs. A. B. Benny of Archer, L. C. Davison and J. F. Lynch of Fairbanks, were in the city Monday. Mr. Curl was going to Seabreeze to make arrangements for the accommodation of his family, who will spend a few weeks there.

Mr. and Mrs. A. L. Daughtrey and children of Rocky Point have gone to Philadelphia. Mrs. Daughtrey has been in ill health for the past few weeks, and it is understood she will enter a hospital in Philadelphia. Friends hope that her condition will be greatly improved.

Mrs. C. W. Little and daughter, Miss Ruth, who have been in the city from Plant City on a visit to Mrs. J. E. Futch, have returned to their homes Mrs. Little formerly resided here, and expressed herself as being greatly pleased with the advancement of the city since her departure. Her numerous friends were glad to see her again.

The mail service between Gainesville and towns in the western part of Alachua county is now the poorest ever rendered—the days of the Star route even being better than that now rendered. It now takes mail from four to five days to reach Newberry, a distance of 17 miles as the crow flies. It is high time the railroads were being compelled to give a better schedule or the mail contract again awarded to private parties.
